In all cultures and myths, Light was the first “something” that issued forth or was birthed.

Soul is light.

Soul is the first born full expression from Spirit. Through light, all could be recognized, named, and known.

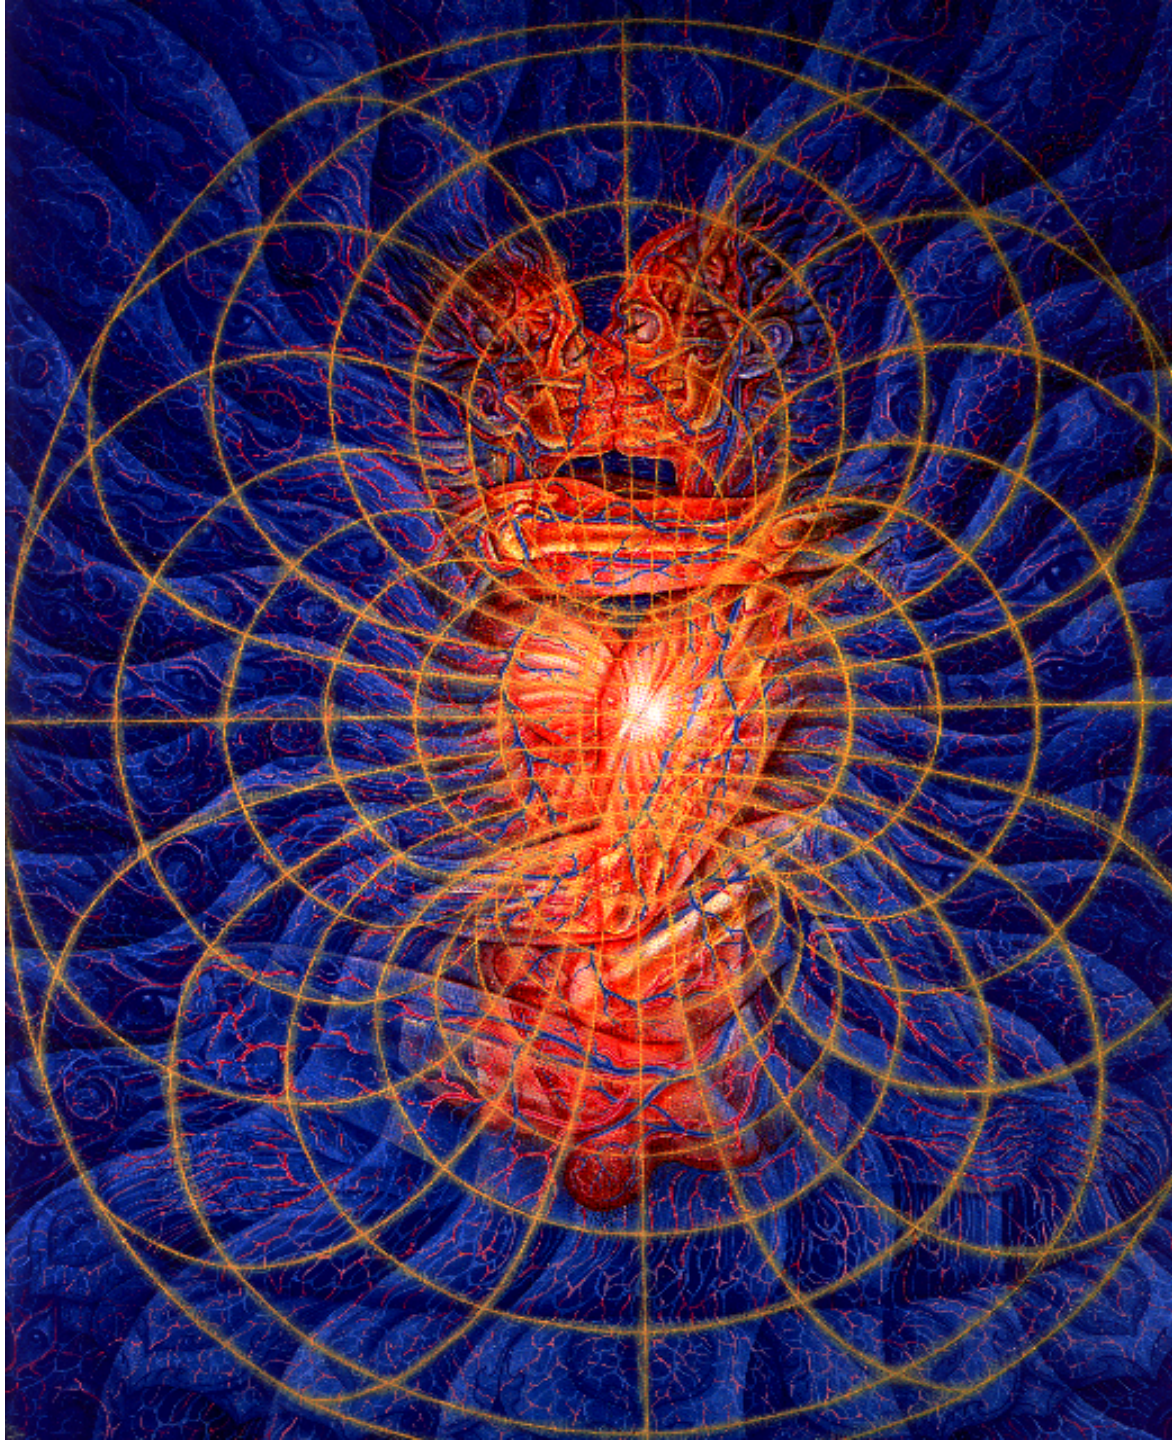

Light illumines. Therefore all can be seen. Soul is the light of life and so brings a lightness to life – less weight, lack of heavy.

We feel peaceful, or plugged-in.
Soul is compassionate.

**Soul is “flow”
or in the flow of life.**

expansive, and inclusive
of all.**

It is one's true vocation.

quality is sheer joy.

Soul is that which fulfills us.
Soul is non-personal.**

Soul is consciousness or awareness.

Once consciousness or awareness is sparked, it sees, hears, and invites more all the time.

Awareness asks for more awareness. It wants to make things simple and clear. Consciousness, soul, brings wisdom and lives it.

Soul is presence and what is in the Present.

**The soul is essence. “quintessential”
