# An Ashram is ...

---

**An Ashram is a grouping of souls who through identity of thought, vision and of vibration, are swept by energies which enable the group to carry out the Master's plan and meet human need.**

# Manifesting Ashramic Thought

---

*Every Ashram or inner group is essentially a reservoir of thought and that reservoir has for its spring or source, the ideas, dreams, vision and aspiration of the Master.*

*... Then it becomes a clear pool of thought, augmented and fed from the spring of many lives, from the pure vision and consecrated dreams of many disciples.*

DINA 1 Page 697.

# An Ashram is a reservoir of thought

---

*The group of every Master is distinguished by its thought content, contributed by the disciples and used by the Master in His work for humanity.*

# Ashramic Vision

---

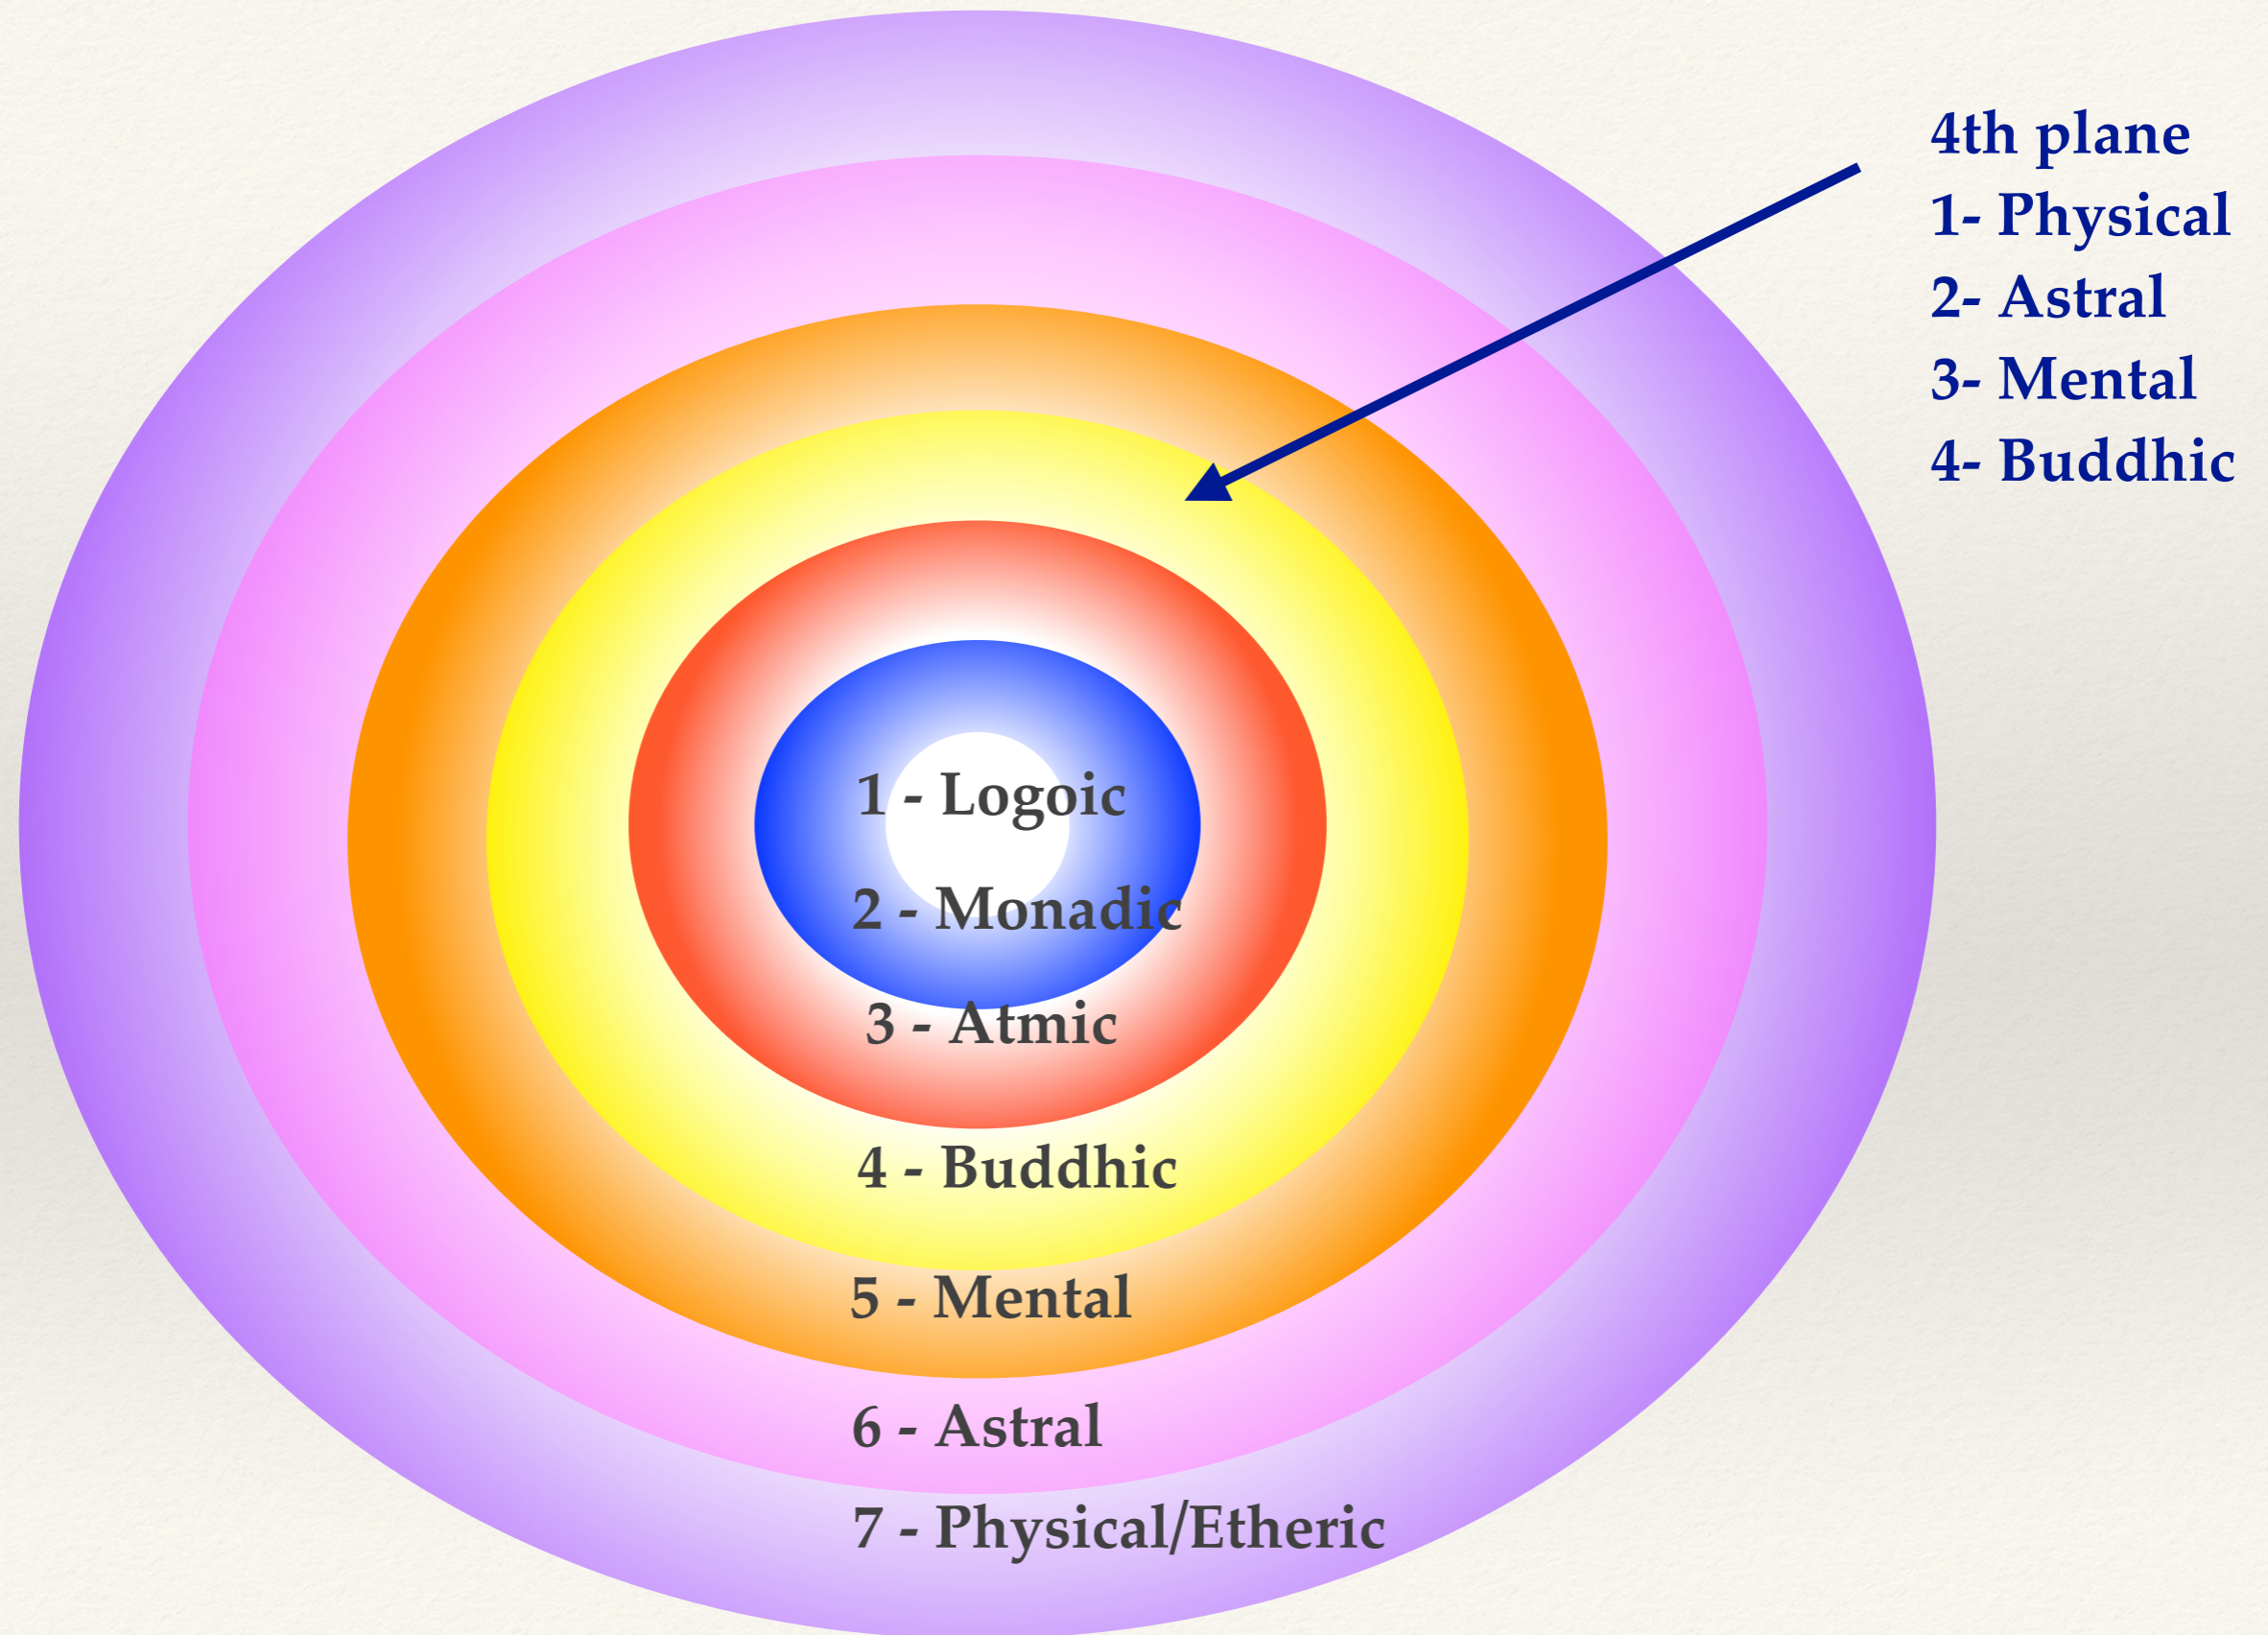

*But the vision with which you should be concerned is to become aware of what the soul knows and what the soul sees, through the use of the key to soul vision—the intuition.*

DINA I, p 688

# Receiving Ashramic Thought

---

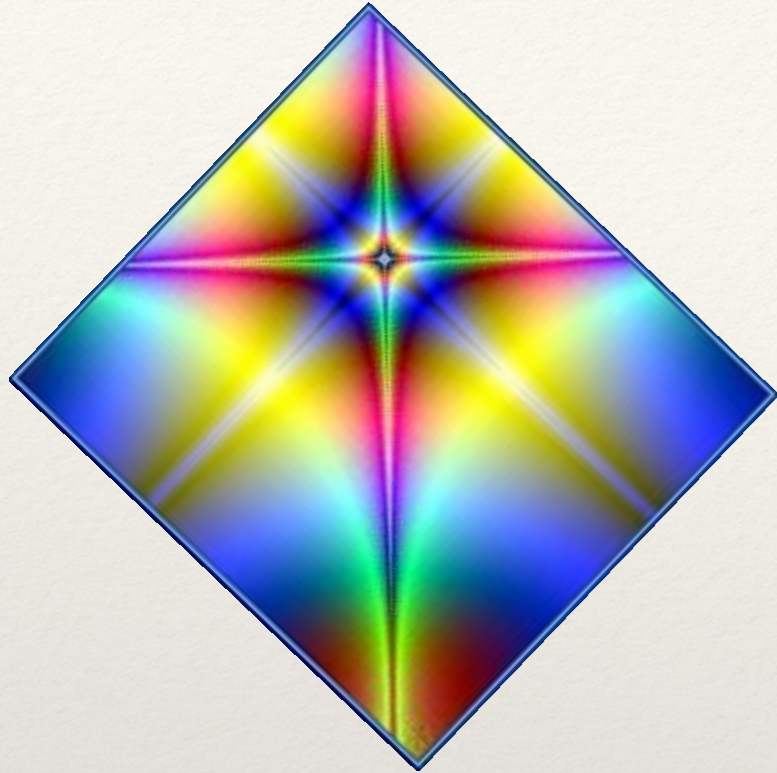

*Receiving ashramic impression is possible due to the existence in the disciple of qualities, radiatory activities and emanatory impulses which correspond to those emanating from some particular Ashram.*

DINA I, 754.
