

*The Reappearance
of
the Christ*

Short visualisation

Let's link up as a group

- Raise your consciousness as high as you possibly can
- Endeavour then to hold steady, holding the mind unwaveringly "in the light,"
- Realise that, on D.K.'s side, he also stands steady, pouring out upon us his love and strength and endeavouring to lift us up into a higher state of consciousness
- Visualise ahead of us a disk or sphere of indigo blue, a deep electric blue.
- Imagine D.K. standing in the centre of that disk, waiting.
- See a band of golden light between us and the disk gradually shortening, thus bringing us closer together, slowly and steadily, until we enter into the heart of the blue disk.
- Sound a blue OM

Question from last session: Is Christ in his dense physical body or etheric body?

Christ's experience in the garden of Gethsemane

World conditions & why are they unique?

Three important events since June 1945

Nature of Christ's work

As the Forerunner of the Aquarian Age

As the Releaser of Energy

As unifier of the east and west

Question from last session: Is Christ in his dense physical body or etheric body?

Mostly likely: in his etheric body

- *Christ ...has never left us but, **in physical body and securely concealed** (though not hidden), He has guided the affairs of the Spiritual Hierarchy, of His disciples and workers He can only re-appear.*
- *It is a spiritual fact that those who have passed from the cave of the tomb into the fullness of the resurrection life can be seen and at the same time evade the vision of the believer. ROCp 43-44*
- *It is the **physical** Presence upon our planet of such recognised spiritual figures as*
 - the Lord of the World, the Ancient of Days;
 - the seven Spirits Who are before the throne of God;
 - the Buddha, the spiritual leader of the East, and
 - the Christ, the spiritual leader of the West—*all of Whom are brought at this climaxing time to our attention.p46*

A stained glass artwork depicting Jesus Christ in prayer at Gethsemane. Jesus is shown in profile, kneeling on a rocky outcrop, with his hands clasped in prayer. He has long, wavy brown hair and a beard, and is wearing a white tunic with a red sash and a yellow cloak. A bright, multi-colored light emanates from the sky above him, symbolizing the Holy Spirit. In the background, there are dark, rocky hills and green foliage. To the right, three other figures are shown in prayerful poses, their faces illuminated by the same light. The entire scene is rendered in a traditional stained glass style with bold black outlines and a rich color palette.

Christ's evocation of Shamballa force

Christ's evocation of the fire of the will was initiated symbolically in the Garden of Gethsemane R&Ip92

Once in the Temple of Jerusalem as a child,

and again in the Garden

His third and final response ...covers nine years, from the Full Moon of June, 1936, to the Full Moon of June, 1945.

This period, in reality, constitutes one event to Him Who lives now free in His Own world.... R&Ip91

Crisis of the Christ: "not my will but Thine be done."

The crisis in the final hours of the Christ was.... those spent in the Garden of Gethsemane, when His will—in agony and almost despair—was submerged in that of the Father.

"Father," He said, "not my will but Thine be done."

*At the moment
of His complete
surrender to the
necessary
sacrifice of His
life to the
fulfilling of the
Plan,
suddenly a
great expansion
of consciousness
took place.*

R&lp289

*The Christ,
kneeling beside the rock
(symbolic of the depths of the
mineral kingdom and of the
activity of Vulcan, the
fashioner),
raises His eyes upward
to where the light of
revelation breaks forth
and
knows at that moment
what it is He has to do.*

EA393

The light of revelation

What happened then?

- *Something new, yet planned for from the very depth of time, happened then in that quiet garden;*
- *Christ, representing mankind, anchored or established the Father's will on earth and made it possible for intelligent humanity to carry it out.*
EXH606

Christ's vision of logocic intention for humanity & planet as a whole

He received a vision of the emerging divine intention for humanity and (through humanity) for the planet as a whole. R&I p289

The Plan,

its goal,

its techniques and methods,

its laws and their application,

its phenomenal effects,

the hindrances to be met,

the energy (that of love) to be employed, and

the close and growing relation and interplay

between the Hierarchy and Humanity, ...

were known to Him and fully understood. R&I p 289

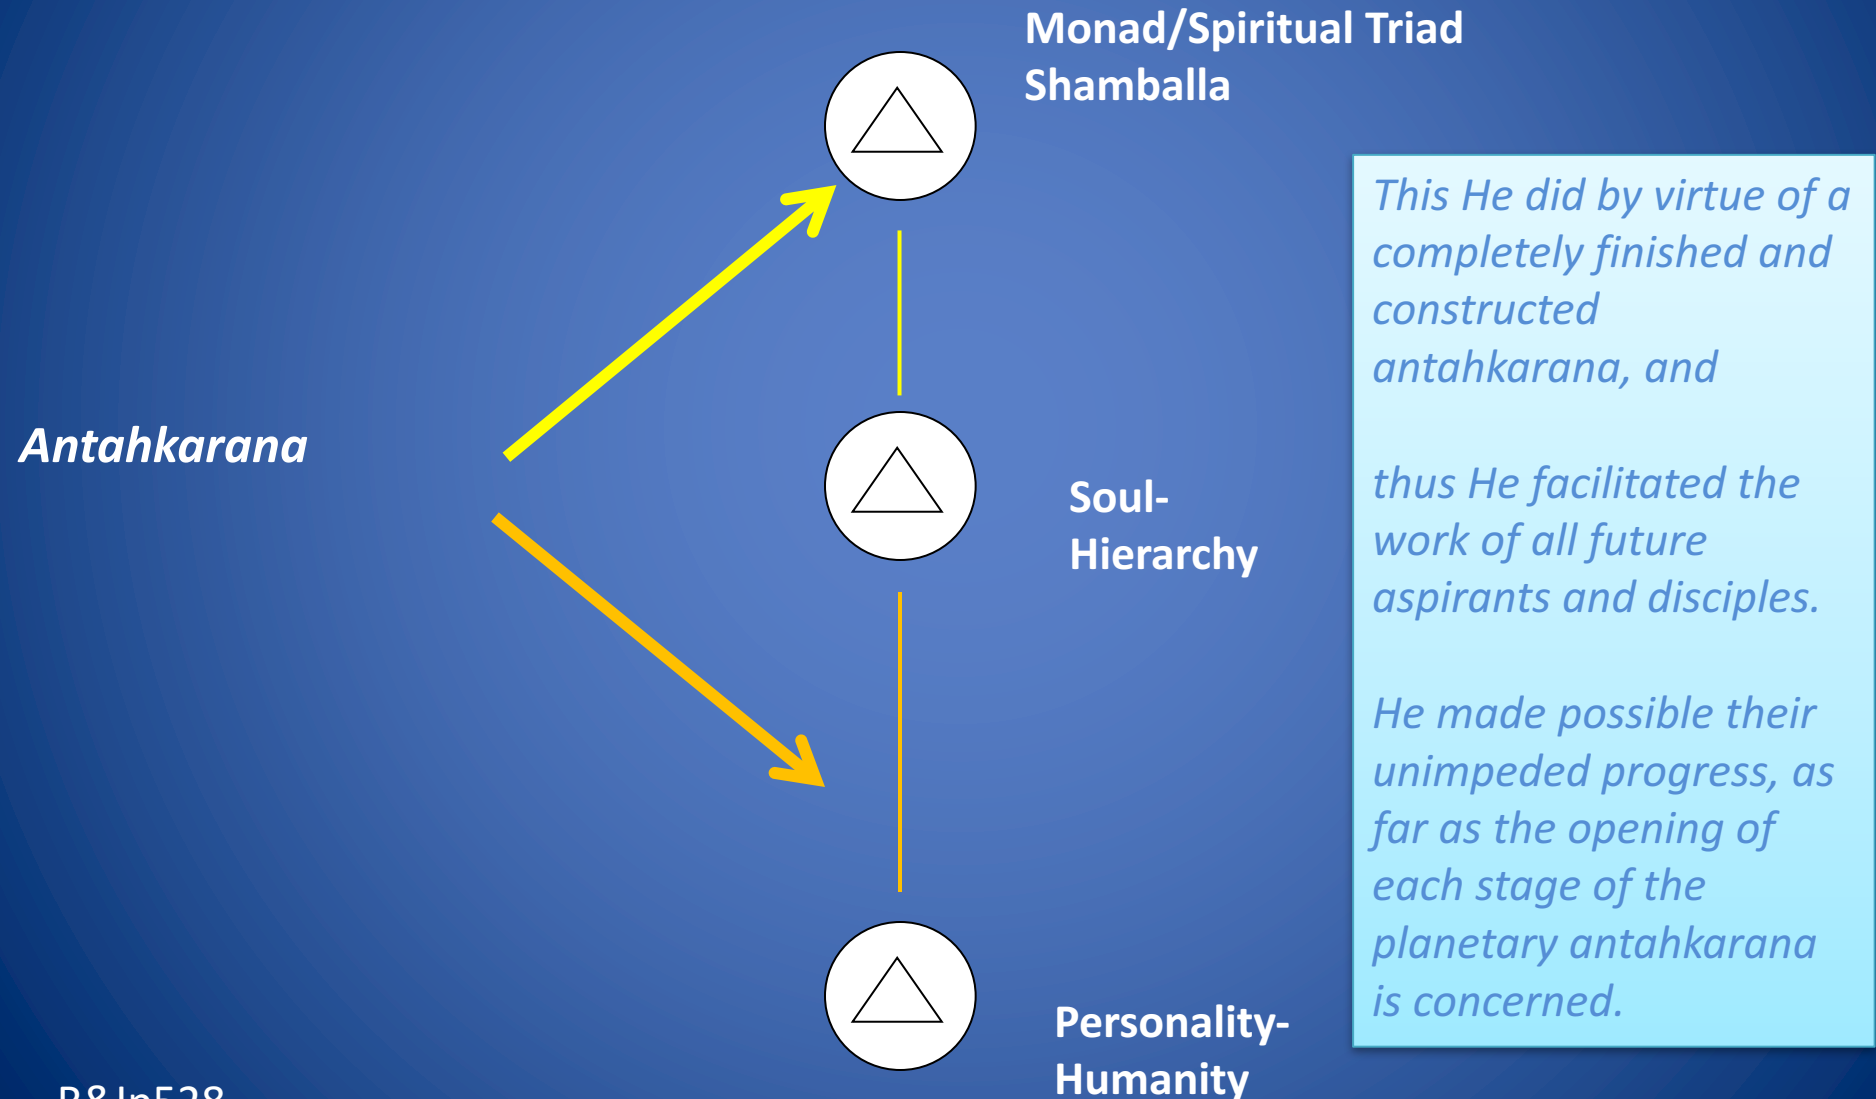

His destiny : anchor the Will of the Father

*Christ, for the first time, anchored on earth
a tenuous thread of the divine Will. EXH605*

*which even after two thousand years is
but a thin, frail line of connecting
energy. EXH344*

Christ and the Planetary Antahkarana

Christ the carpenter, the builder of civilisation

the Decision Christ made in the garden of Gethsemane was to

take over the building or reconstruction work in Aquarius and thus complete the task which He attempted to do in the Piscean Age.

- *He and His disciples and the New Group of World Servers are the pledged builders of the new civilisation, the new "house of humanity" ROC97*

*Because of this,
His consciousness
became extra-planetary
as is the consciousness of
the Lord of the World,*

*He could then touch
certain heights of
awareness and contact
certain solar Agencies
which had never before
been contacted by man.*

*By uttering "Father, not my will but
Thine be done,"
Christ expressed the Will of the Father
in Love.*

He established, for the first time in planetary history, contact with the Spirit of Peace

He also established for the first time in planetary history a contact between the Hierarchy, Humanity, Shamballa and the Spirit of Peace in His Own high place

Thus enabling Him to put Humanity in touch with the Spirit of Peace.

EXH161-162

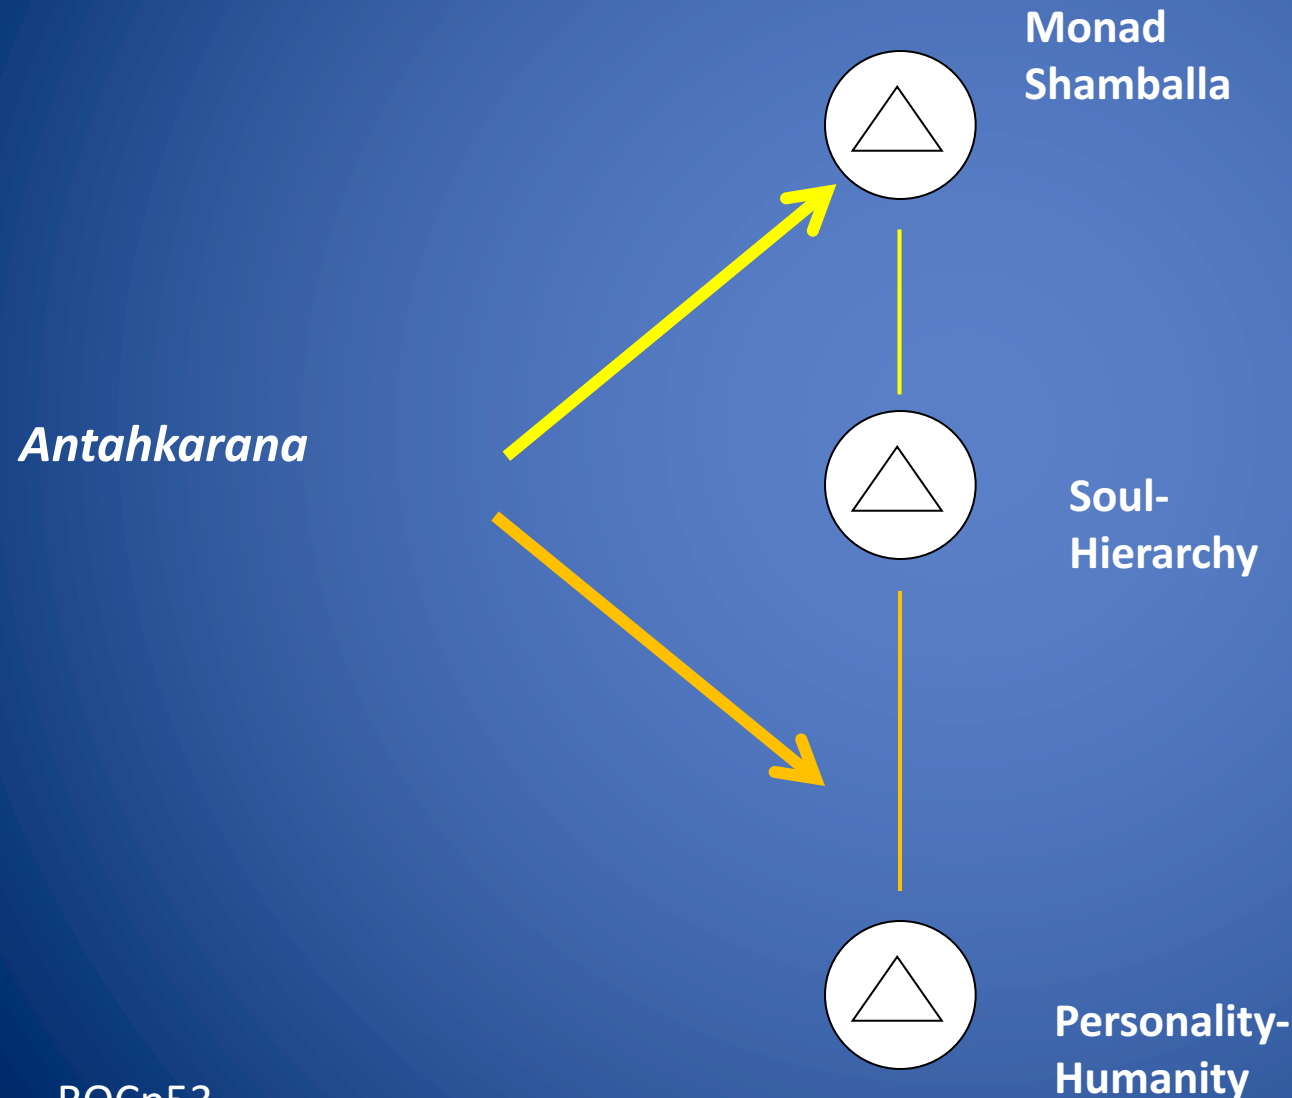

Light of the
World and the
Prince of Peace

*He thus Himself became the Light of
the World and the Prince of Peace*
EXH162

*Today, because of what Christ did in His moment of crisis hundreds
of years ago, humanity can add its efforts to the working out of
that Plan.*

Will-to-good to goodwill to Right Human Relations

The will-to-good of the Father's House

can become

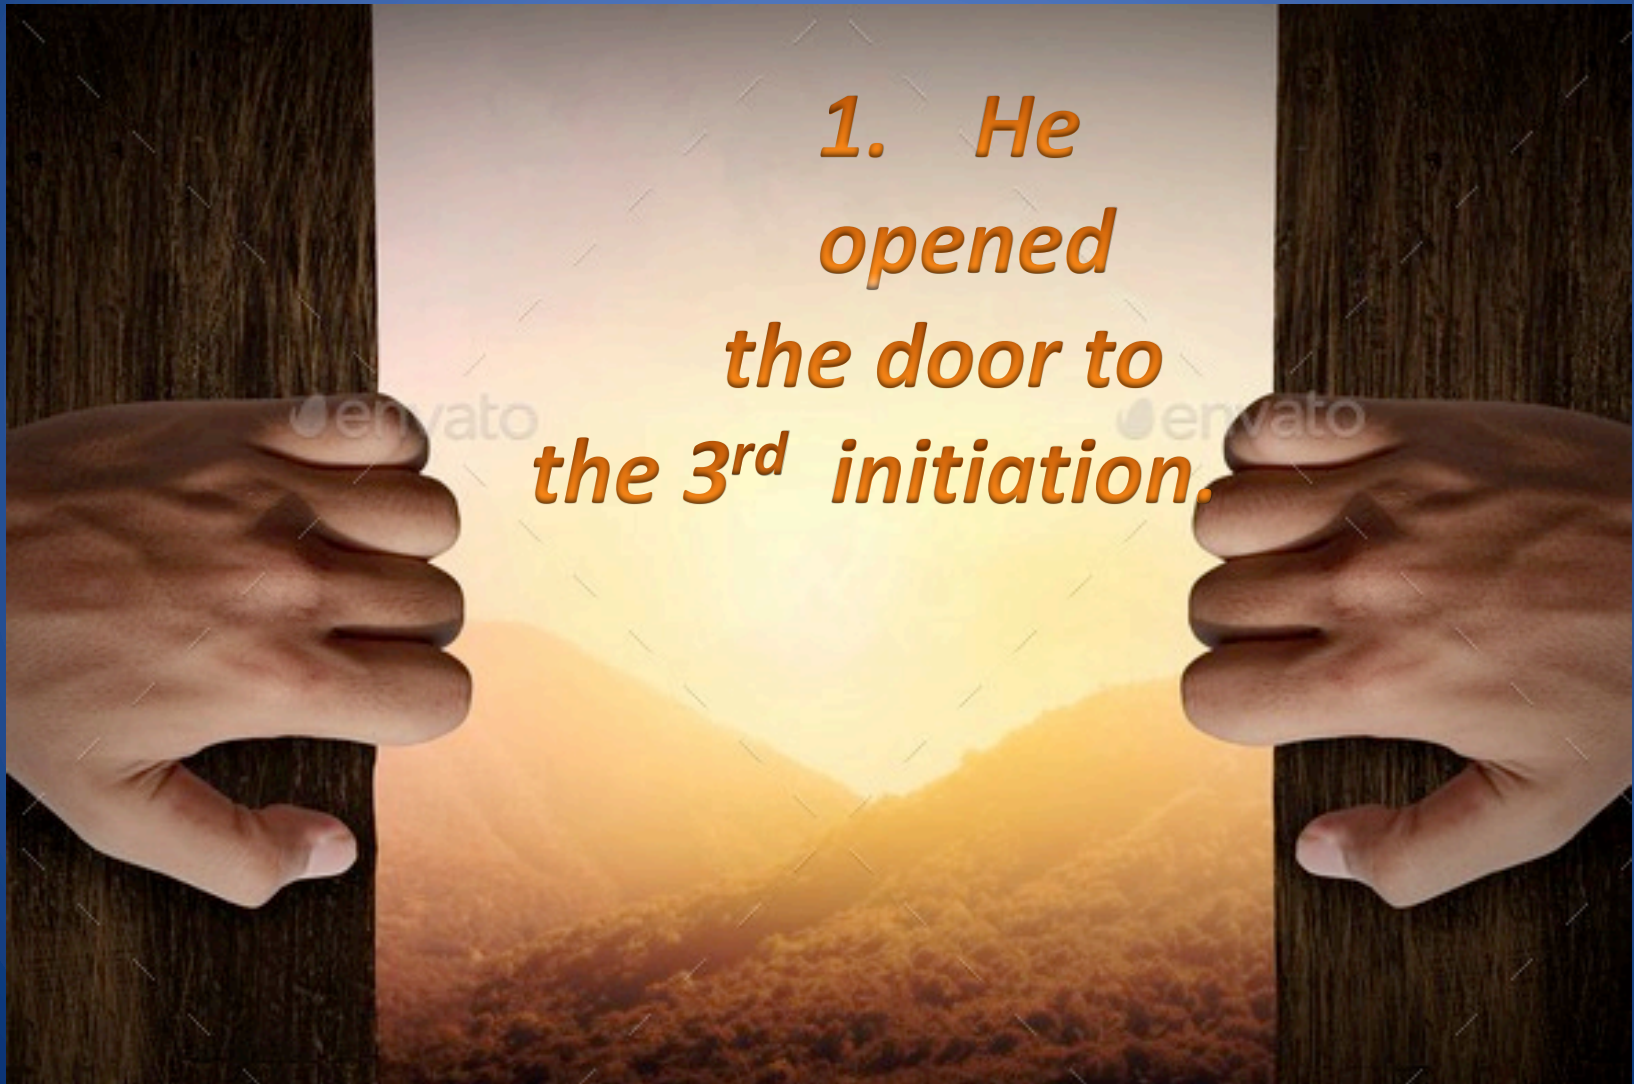

the goodwill of the Kingdom of God

and be transformed into right human relations

by intelligent humanity.

Consequences of Christ's Will fused with logic will

*1. He
opened
the door to
the 3rd initiation.*

2. He anchored on Earth

"the Will of God

in the matrix of love"

*which leads out on to the Way
which terminates in Shamballa*

*through the Pyramids
(the Spiritual Triad)*

*3. He pointed the way
through "the needle's eye"
which gives entrance to the passage*

Gethsemane experience: a precursor for Christ's decision in 1945

Under the divine will,

- *He had to reappear on Earth in visible Presence.*
- *He had to preside over the materialisation of the Kingdom of God on Earth, and*
- *He had to re-institute the Mysteries of Initiation in such a form that they would prove the basis of the new world religion.*

Above all, He had to reveal the nature of the will of God. ROC71

Unique world conditions Christ is to face

- a) Christ 's unique opportunity is brought about by certain world conditions that are themselves unique; there are factors present in the world today*
- and*
- a) happenings that have taken place within the past century which have never before occurred. ROC15*

Unique world conditions

Christ's work cannot be confined to a small locality

- *His reappearance and His consequent work cannot be confined to one small locality or domain unheard of by the great majority, as was the case when He was here before.*

1. New technology

The radio, the press and the dissemination of news will make His coming different to that of any previous Messenger;

through television, His face can be made familiar to all, and verily "every eye shall see Him."

***swift modes of transportation
will make Him available to
countless millions,
and
by boat, rail and plane they
can reach Him:***

No saviour before faced these world conditions ROC16

2. Sensitivity of humanity greater than ever before

- *Man possesses a far more sensitive response apparatus than did humanity in those earlier times*
 - more enquiring, better educated, more intuitive and more expectant of the unusual and the unique than at any other time in history
 - Keener intellectual perception, more acute sense of values, ability to discriminate and choose fast developing
- ***Acceptance or rejection response to Christ will be quicker and more general***
- ***news of His coming and the contents of His message will be spread more quickly. ROC16-17***

3. Greater freedom from hold of ecclesiasticism

- *There has been a useful and wholesome swing away from Churchianity and from orthodox religion during the past century.*

Result:

- *this will present a unique opportunity for the restoration of true religion and the presentation of a simple return to the ways of spiritual living ROC17*

4. Humanity has greater knowledge of hierarchy

- *Churches have familiarised the public with the phrase "the Kingdom of God"*
- *Esotericists and occultists everywhere have publicised the fact of the Hierarchy*
- *Spiritualists have testified to the existence of an inner, spiritual world*

thus creating a unique preparedness which presents the Christ with unique opportunities and unique problems. ROC19-20

5. Revival of the ancient teaching of the Buddha

- *Unique revival of the ancient teaching of the Buddha & penetrating into the Western countries*
- *The Noble Eightfold Path: the Path of right relations*
 - right relations to God, and
 - right relations to your fellowmen
- *On this foundation Christ will build his superstructure of the brotherhood of man*
 - for right human relations are an expression of the love of God;
 - they will constitute man's major and next demonstration of divinity
- *The Buddha is the symbol of enlightenment and there is everywhere today a unique emphasis upon light ROC20-21*

6. Groups working for human welfare everywhere: relatively new phenomenon in the world

Clubs, forums, committees, conferences, and leagues are forming everywhere (as never before) for the discussion and study of human welfare and liberation

This phenomenon is one of the strongest indications that the Christ is on His way ROC21

*Three events of immense
importance since June 1945 in
preparation for His Reappearance*

Three events of great moment happening

Meanwhile as part of the preparation, three events have taken place:

- a) The Spirit of Peace descended upon Christ ROC74*

- b) Christ became the Embodiment of the energy “Christ consciousness “and thus entered into a closer relation to humanity. ROC75*

- a) As a result of Christ's decision and His "spiritual fusion" with the Will of God, the Avatar of Synthesis has become, for the time being, His close Associate.*

This is an event of supreme and planetary importance ROC76

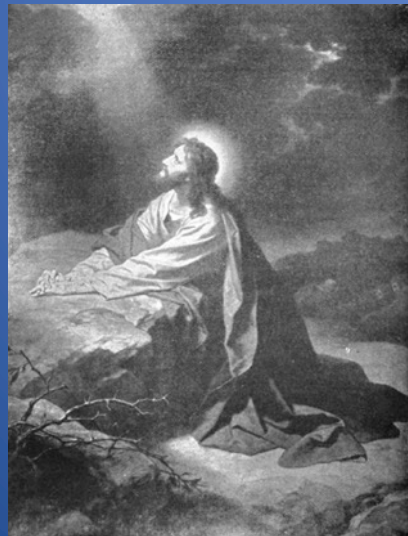

*a) “The Spirit of Peace descended
upon Christ”*

Christ's three responses to Shamballa energy

1. In the Temple of Jerusalem as a child,

2. In the Garden of Gethsemane

3. His 3rd and final response covers nine years, from the Full Moon of June, 1936, to the Full Moon of June, 1945.

This period, in reality, constitutes one event to Him R&lp92

Contact with Spirit of Peace

*He established for **the first time in planetary history** a contact between*

- the Hierarchy,
- Humanity,
- Shamballa and
- the Spirit of Peace in His Own high place,

in his three responses to Shamballa EXH162

Who is the Spirit of peace?

- *The Spirit of Peace or the Spirit of Equilibrium is an extra planetary being of terrific cosmic potency. ROC74*
- *He overshadows the Christ very much like Christ overshadowed Master Jesus in Palestine.*
Christ serves as a channel for his directed potency as he will not descend from his high place. ROC75
- *His work will demonstrate fully when the Christ will walk the earth again and turmoil, emotional disturbance and mental unbalance will be balanced by a corresponding cycle of calm, emotional quiet and mental poise, thus releasing humanity into a new phase and experience of freedom and hate will be balanced by an expressed goodwill. ROC74*
- *He is destined to bring peace eventually upon Earth, through the expression of goodwill which will bring about right human relations.ROC75*

*b) Christ became the Embodiment of
the energy “Christ consciousness”*

What is “Christ consciousness “?

- *The evolutionary force, latent in the human heartcreates a living bridge from the human kingdom to the Kingdom of God.*
- *The Christ is the custodian of this energy.*
- *He can, because of this, stimulate the responsive factor in the hearts of men, enabling them to recognise and know Him for Who and what He is, when He reappears. ROC75*

Nature of “Christ consciousness”

it is responsible

- *for the trend towards betterment everywhere to be sensed, for the growth of the principle of sharing, and*
- *for the undeniable soundness of men's hearts and thinking today ROC76*
- *will break down the barriers of separation,*
- *will blend and fuse the consciousness of all men into that unity ROC81-82*

*c) The Avatar of Synthesis:
Christ's close Associate*

Who is the Avatar of Synthesis ?

- ✧ *He is a cosmic avatar, an extra planetary being who has attained spiritual unfoldment beyond the solar system* R&I 734
- ✧ *He comes, therefore, to wield and apply first ray energy* R&I734
- ✧ *He can be reached by focussed intensive thought and to evoke His response.*

Hence This is the purpose of the new Invocation.

The Avatar of Synthesis and the Christ

- *Since full moon of June 1945, when Christ pronounced the Great Invocation, the avatar of synthesis has become closer to Christ*
- *He will fortify Christ , will "keep His eye upon Him, His hand beneath Him and His heart in unison with His."*
- *He works under the great natural Law of Synthesis, producing at-one-ment, unification and fusion.*
- *His function (in unison with the energy of Christ) is to generate spiritual will / the will-to-good in humanity,*
- *He helps and supports the Christ under instruction from Sanat Kumara*
- *His relationship and planned help date from the time of the pronouncing of the great Invocation and its use by men everywhere. ROC77-78*

Why is the help of the Avatar of Synthesis so important ?

- *This is an event of supreme and planetary importance.*

Why?

Because

- *This Being is closely related to the Will Aspect of divinity...*
- *Christ is preparing himself to embody the quality of WILL*
- *Christ is preparing himself also to synthesise the three divine qualities of Light, Love and Will. ROCp62,*

The Avatar and the NGWS

- *The focal point of His effort and the Agent through which distribution of His energy can be made is the New Group of World Servers;*
- *this group is uniquely related to this Avatar of Synthesis.*
- *Their work can now be...intensified through the association of the Avatar of Synthesis with the Christ.*
- *For this purpose He has associated Himself with the Christ, working through the Hierarchy. ROC78*

*Nature of the Work of
the Christ*

Work of the Christ: embody Will

In Him two aspects, therefore, light and love, received full expression.

It remains now for the highest of the divine aspects, the Will of God, to receive embodiment and for this the Christ is preparing.
ROC62

Light

Love

Will

**Fusion of 2nd aspect of LOVE &
3rd aspect of Intelligence**

Embodiment of 1st aspect of Will

The new world religion was born on the inner planes

Avatar of Synthesis:
Power/Spiritual Will implementing
both light and love.

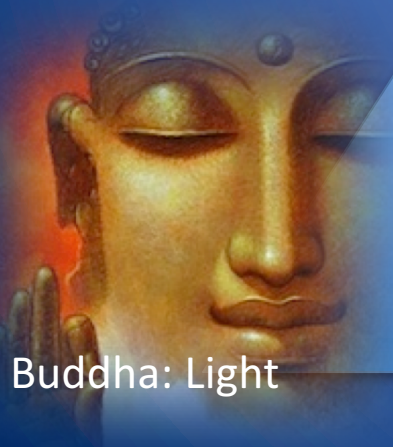

At the centre of this Triangle the Christ took His stand; from that point His Aquarian work began, and it will continue for two thousand five hundred years.

Thus He inaugurated the new era and, upon the inner spiritual planes, the new world religion began to take form.

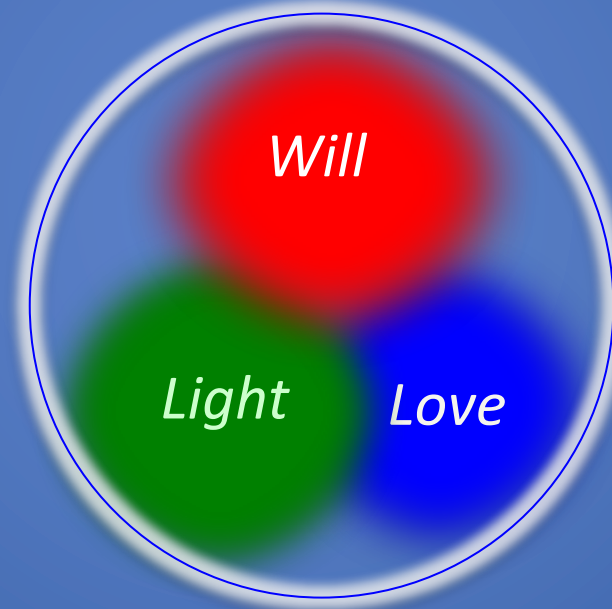

Spirit of Peace: Love,
establishing right human relations

Buddha: Light

Christ to inaugurate the New World Religion at his return

*Above all, He had to reveal the nature of
the will of God. ROC71*

- *Will, divinely expressed, will be the theme of the
coming world religion EA582*

Christ's major task: establish right human relations

- *It is a different world to which He is now planning to return and this is largely due to the intellectual development of the mass of men.*
- *This presents Him with stupendous difficulties, for the **intellects of men must now be reached and not just their hearts** (as in the earlier days) if the Will of God is to be intelligently carried out on Earth.*
- *His major task is surely the establishing of right human relations in every department of human living. ROC56*

Restore man's faith in Love

He will not come as the restorer of any of the ancient religions, including Christianity

but He will come to restore man's faith in the Father's love, in the fact of the livingness of the Christ and in the close, subjective and unbreakable relationship of all men everywhere. ROC19

Christ stimulates group consciousness

He [Christ] is the embodiment of freedom, and the Messenger of Liberation.

He stimulates the group spirit and the group consciousness, and

His spiritual energy is the attractive force, binding men together for the common good.

His Reappearance will bind together all men and women of goodwill throughout the world, irrespective of religion or nationality, stimulates recognition of the good in all

ROC21-22

Christ's work: to stimulate people's consciousness as they prepare for initiation

- *As Nourisher of the Little Ones, we are dealing with an aspect of Christ's work which involves the stimulation of the consciousnesses of His disciples as they prepare to undergo initiation or to enter into deeper phases of spiritual awareness...*
- *The major work of Christ, however, as far as the disciples and the definitely spiritually-minded people of the world are concerned, plus the hundreds of thousands of advanced humanity, is so to "nourish" their spiritual consciousness and life.... ROC86*

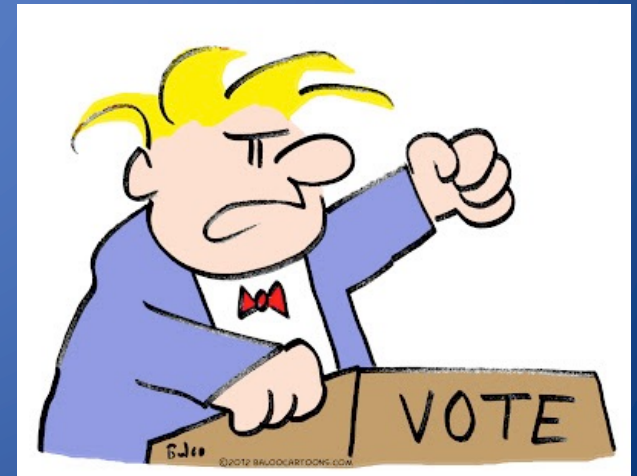

Shift of Christ's emphasis from churches and philosophy to education and politics

There is now a shift of His emphasis..

first, into the field of world-wide education, and

secondly, into the sphere of implementing intelligently those activities which come under the department of government in its three aspects of statesmanship, of politics and of legislation.

ROC18

Education of public in government affairs necessary

Hierarchy realised that before the cycle of true democracy ...can come into being,

- *the education of the masses in cooperative statesmanship,*
 - *in economic stabilisation through right sharing, and*
 - *in clean, political interplay is imperatively necessary.*
- ROC18

Establish New World Religion

When the Christ reappears, the non-essentials will surely disappear;

the fundamentals of faith will remain, upon which He can build that new world religion for which all men wait. ROC144

Christ's 'real church'

It is the aggregation of all who love their fellowmen,

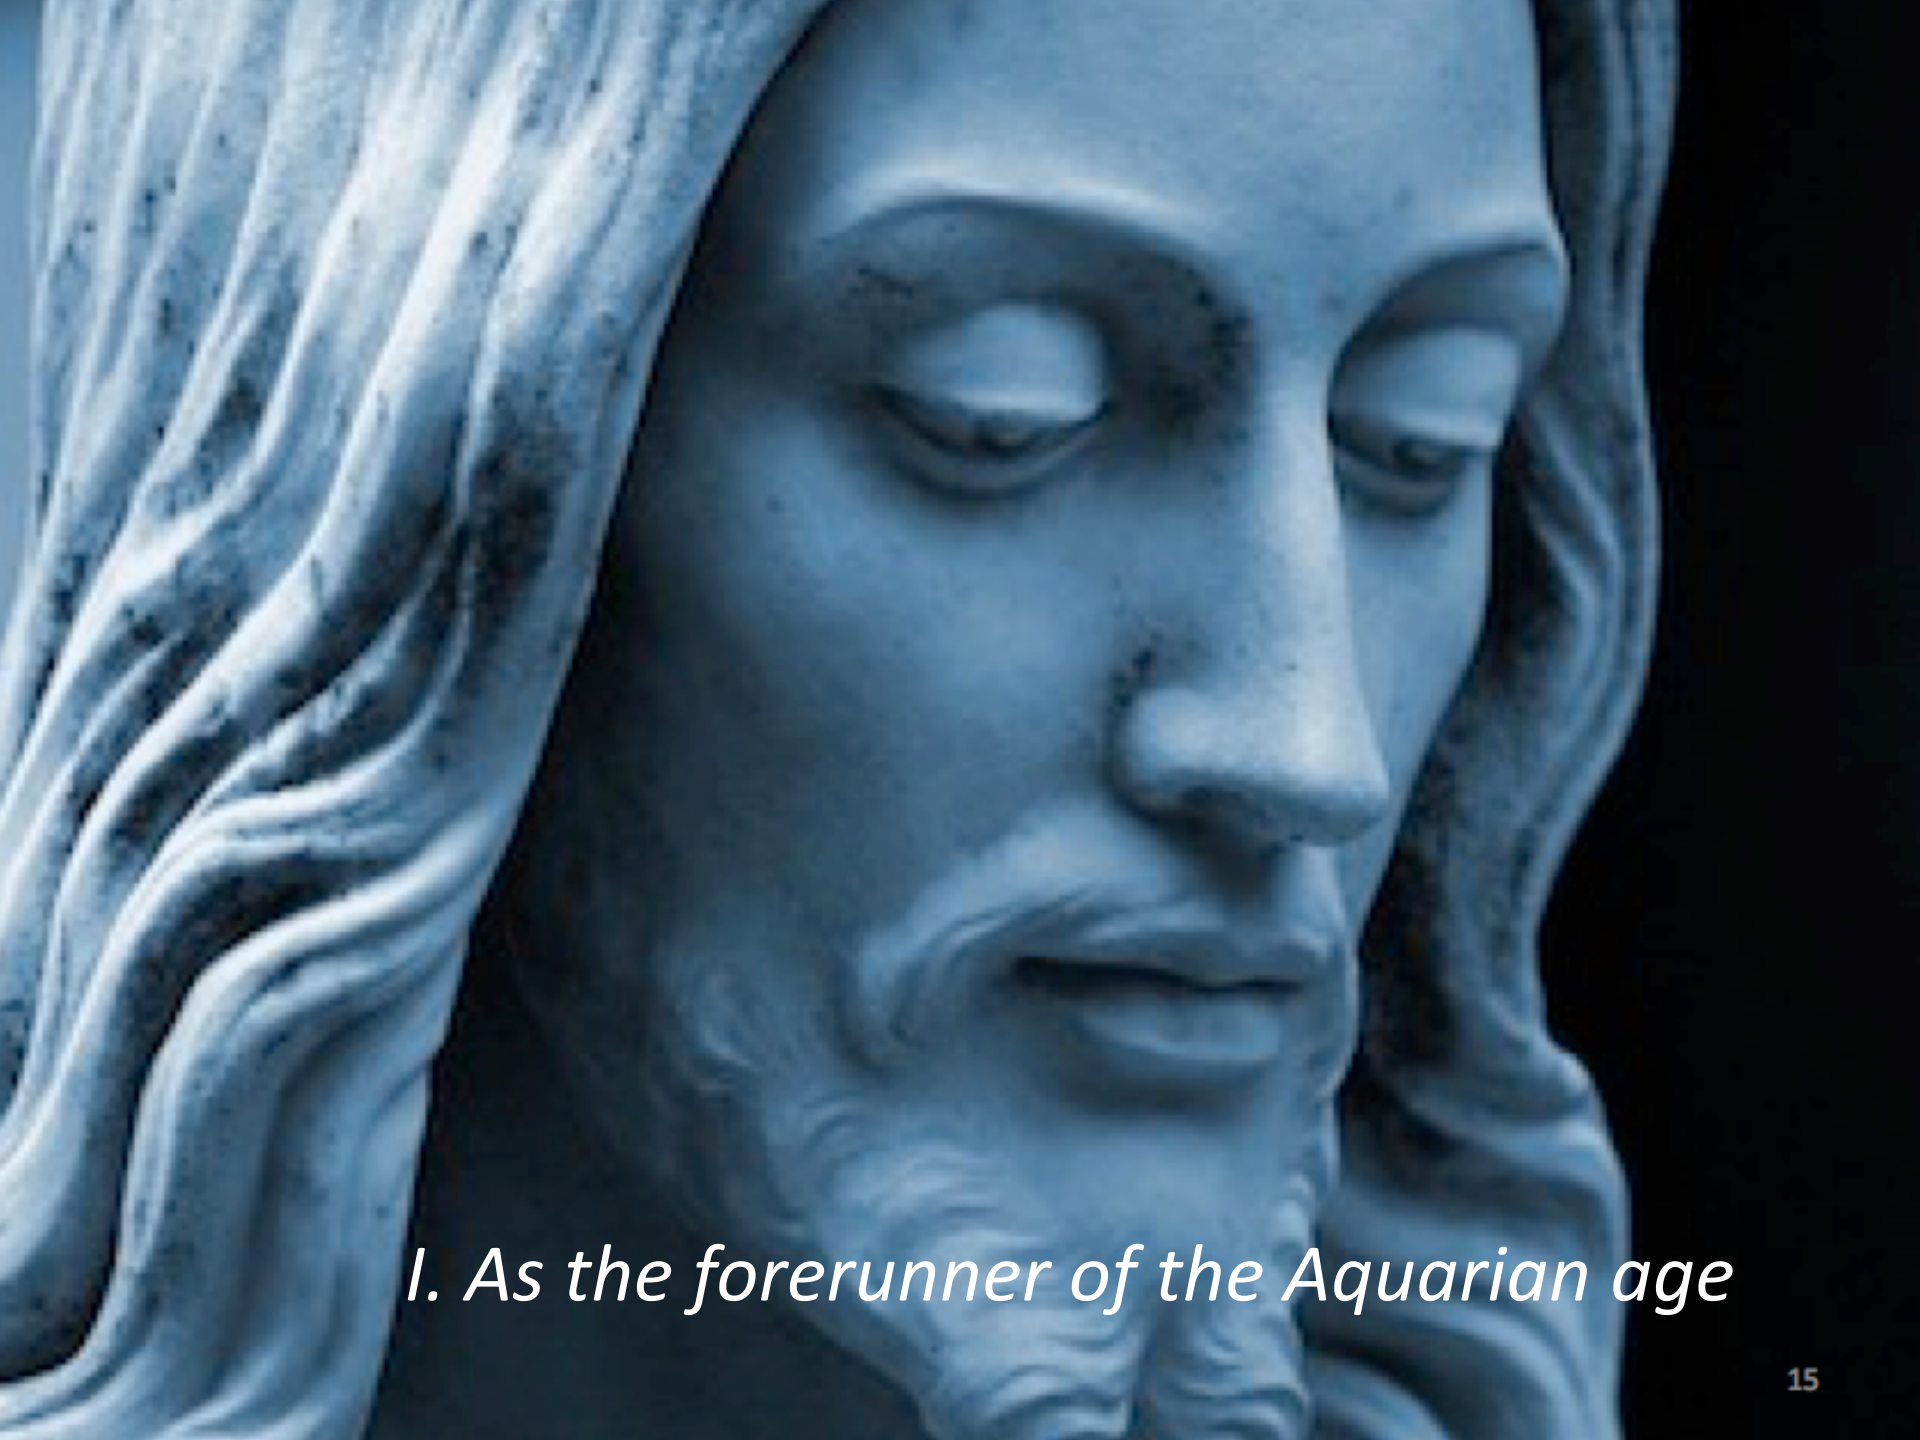

because to love one's fellowmen is the divine faculty which makes us full members of Christ's community. ROC65

Christ is the World Teacher and not a Christian teacher. ROC62

Work of the Christ

- I. *Christ as the Forerunner of the Aquarian Age*
- II. *Christ as the releaser of energy*
- III. *Christ, as the Unifier of East and West*

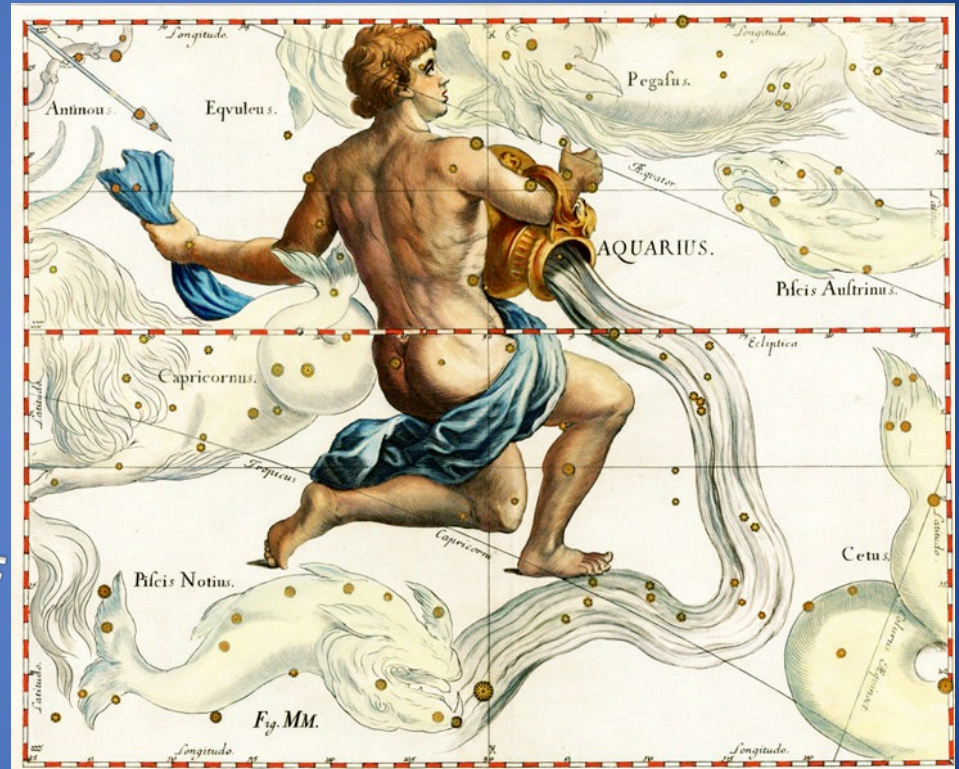

I. As the forerunner of the Aquarian age

Major effect of the Aquarian age

Recognition

- *of man's essential unity,*
- *of the processes of sharing and of cooperation and*
- *of the emergence of that new world religion whose keynote will be universality and initiation* ROC81

This inflow of Aquarian energy is one of the factors which will enable the Christ to complete His task as world Saviour and world Teacher ROC85

Avatar of Synthesis:
Power/Spiritual Will implementing
both light and love.

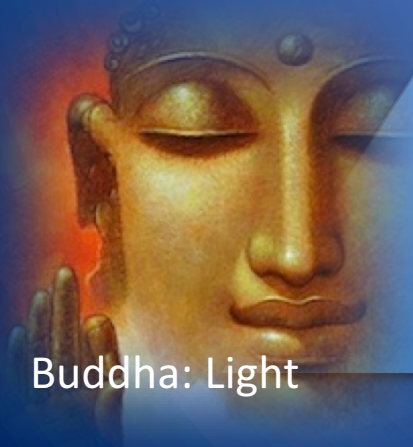

At the full moon of June 1945,
the Christ took over his
responsibilities as Teacher and
Leader of the Aquarian Age.
He is the 1st to cover 2 zodiacal
cycles.

His Aquarian work will cover
2,500 years

Spirit of Peace: Love,
establishing right human relations

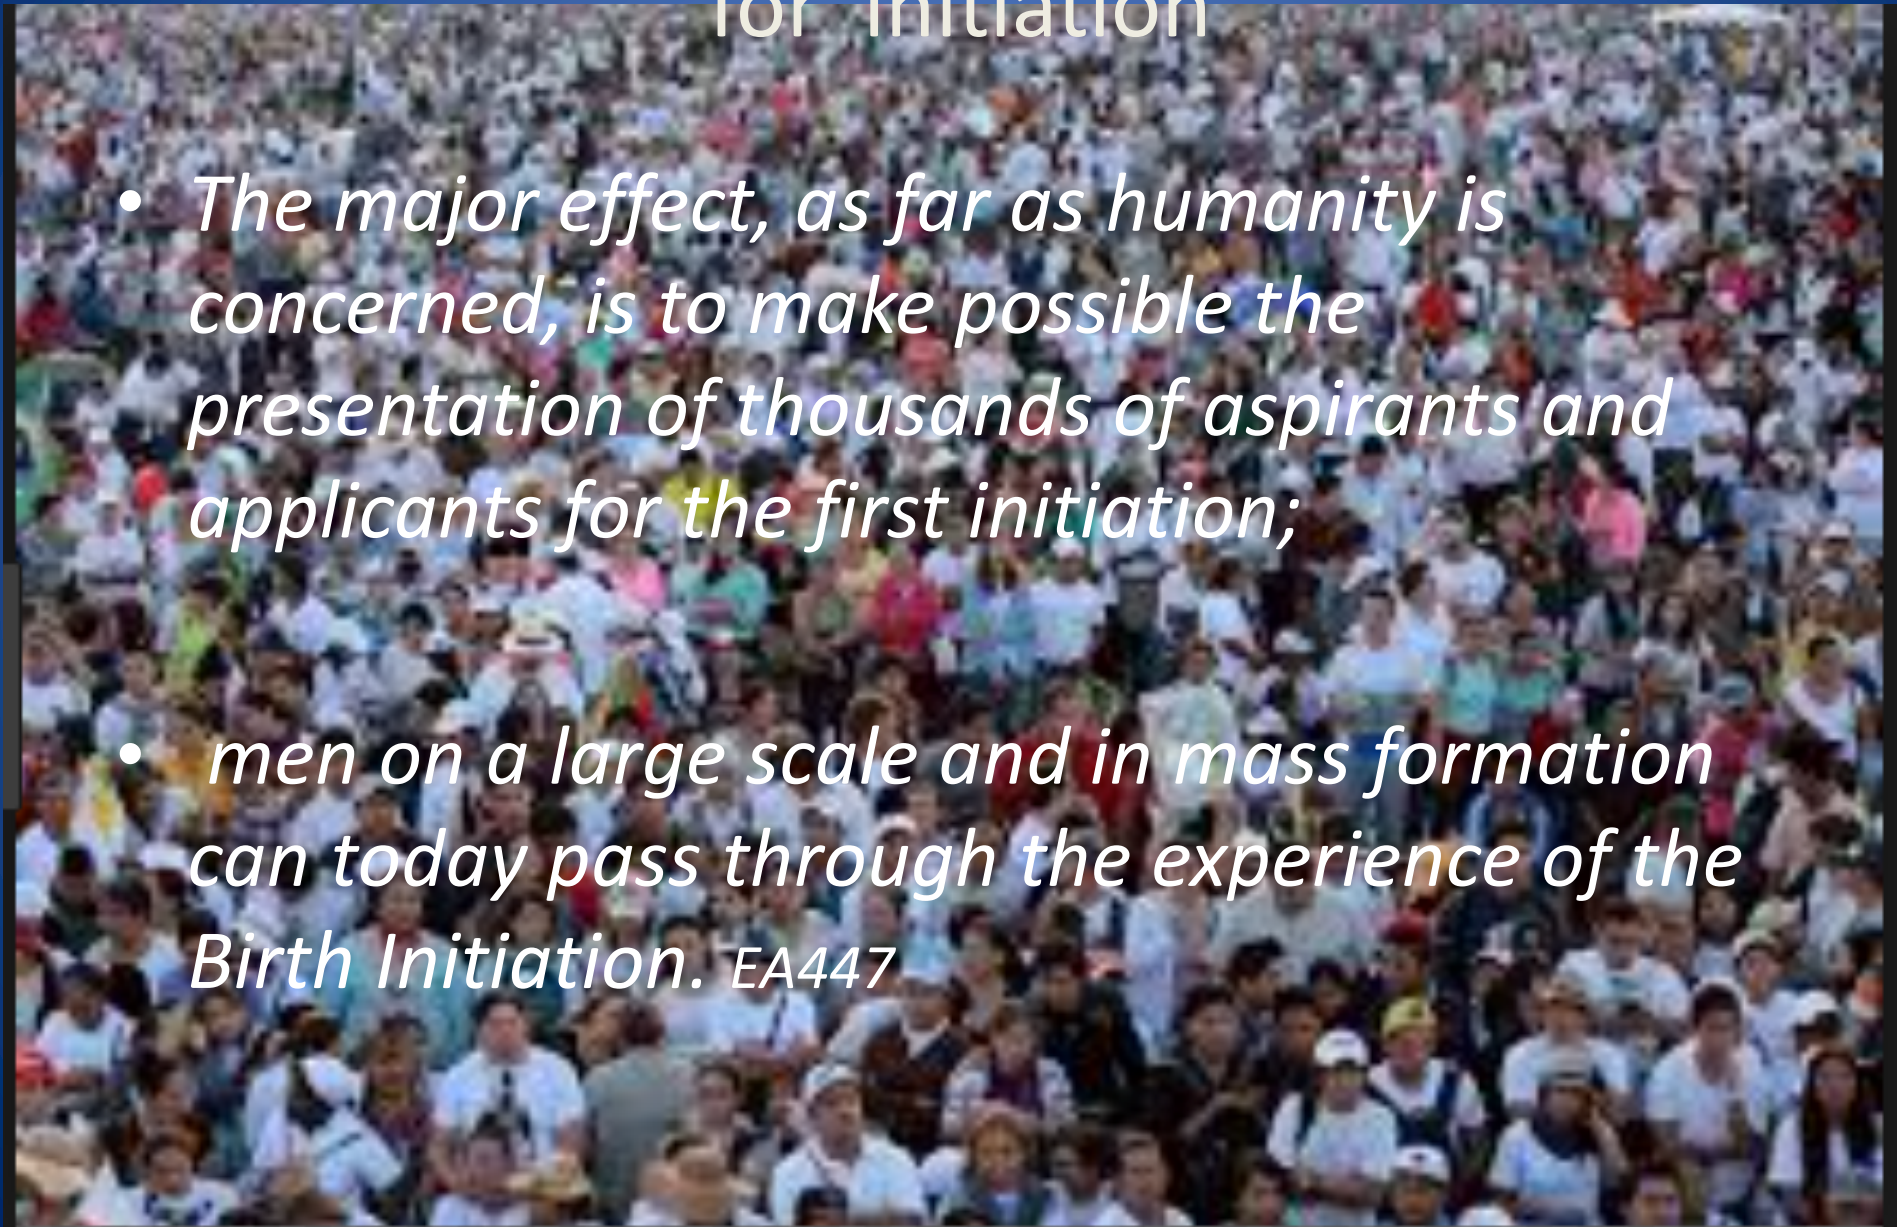

Buddha: Light

Uranus, Ray Seven and the 1st initiation

- *Finally he (initiate) stands ready for the ordeal and the accolade of fire, preceding the first initiation. At that final stage, Humanity today stands.*
- *When (as is now the case) the influence of Uranus is added to the other influences and the seventh ray is at the same time entering into a major cycle of activity on the Earth,*
- *there is then present the energy needed to precipitate the crisis of initiation and produce a great rhythmic awakening. EA447*

Results: Humanity the world disciple ready for initiation

- *The major effect, as far as humanity is concerned, is to make possible the presentation of thousands of aspirants and applicants for the first initiation;*
- *men on a large scale and in mass formation can today pass through the experience of the Birth Initiation. EA447*

Christ as the Leader and World Teacher of the Aquarian Age administers the 1st & 2nd initiations

- *You will see, therefore, how immediate and important is the opportunity confronting humanity today.*
- *Vast numbers of men will take the first step towards the unfolding of the Christ consciousness and thus pass through the first initiation.....*
- *Thousands of aspirants in every country ... will stand before the initiator and undergo the Baptism Initiation;*
R&Ip584

You will see, therefore, why the Christ must come at this time, for He is the One Who presides at the first and second initiations,
R&Ip578

In the Aquarian Age, The Christ will be known as

1. The Point within the Triangle.

2. The Dispenser of the Water of Life.

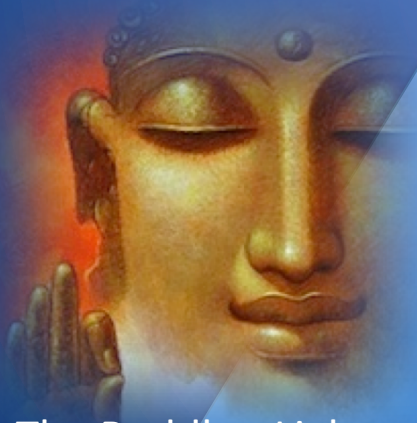

3. The Nourisher of the Little Ones.

1. Christ as The Point within the Triangle

The Avatar of Synthesis:
Power/Spiritual Will implementing
both light and love.

*Christ as the centre of the
Triangle ...
He influences, enlightens,
and produces right relations
in the masses of men.*

The Buddha: Light

*This He accomplishes by transmitting the
energies from the three points of the
surrounding Triangle to humanity.*

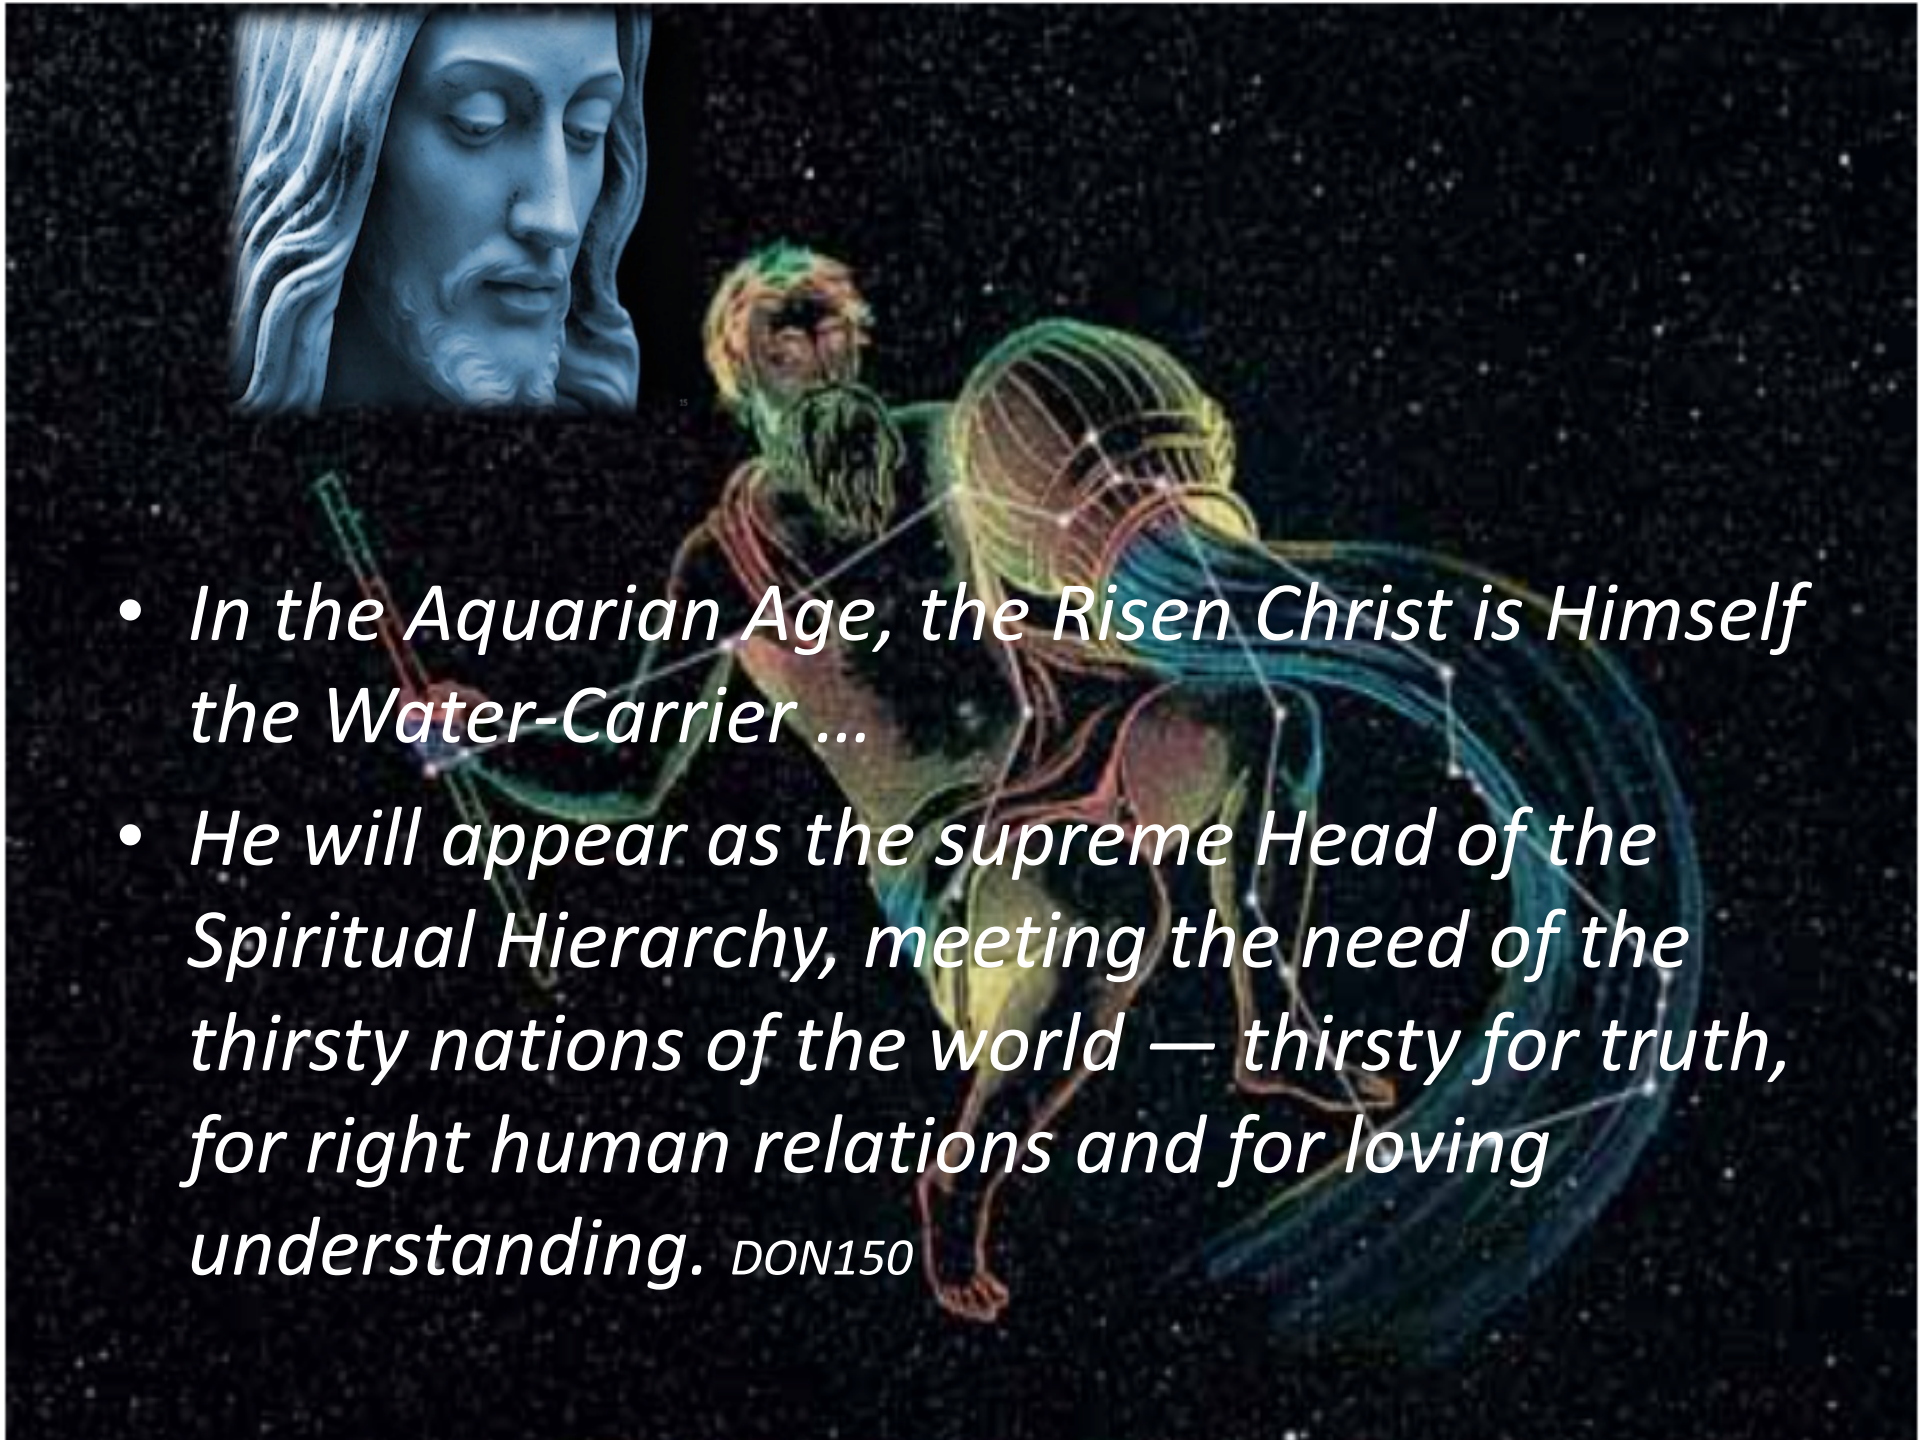

The Spirit of Peace:
Love, establishing
right human relations
through goodwill

2. Christ as the dispenser of the water of life

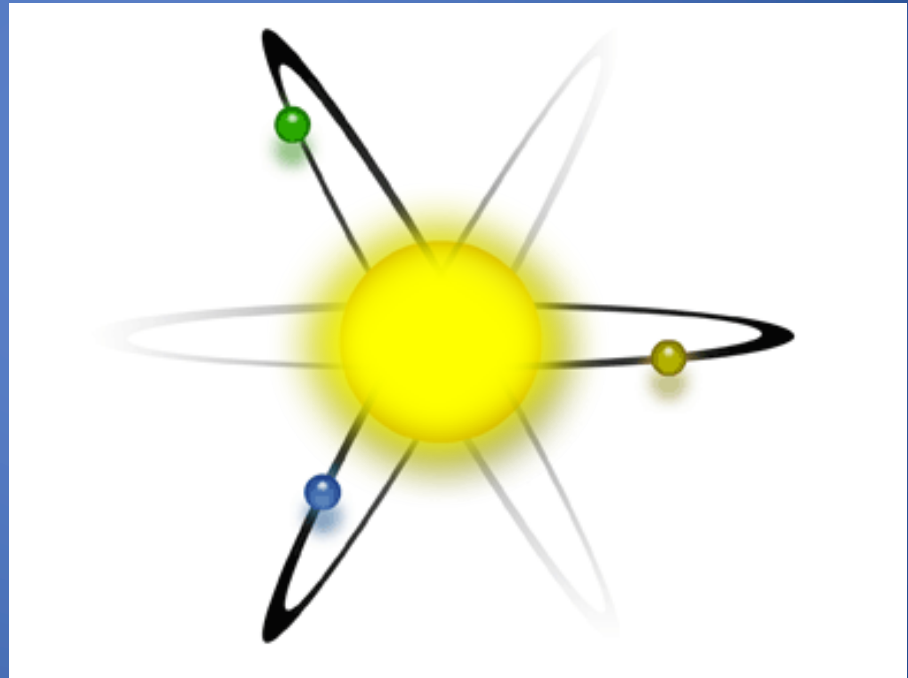

If Hierarchy is the heart chakra of our Logos represented as a lotus, then the Christ is the jewel of that lotus. The life aspect flows through the jewel.

- 
- *In the Aquarian Age, the Risen Christ is Himself the Water-Carrier ...*
 - *He will appear as the supreme Head of the Spiritual Hierarchy, meeting the need of the thirsty nations of the world — thirsty for truth, for right human relations and for loving understanding. DON150*

As the world saviour and teacher of the Aquarian Age, the Christ assumes the role of the “dispenser of the water of life”

- 
- *The Life Aspect expresses itself in three ways:*
 1. *As physical life*
 2. *As livingness*
 3. *As life more abundantly*

- 1. As
physical life
 - nourishing the cells of the body... found **within each atom** of substance as the central point of living light.

- *2. As livingness,*
 - seen as **love and light within the heart.**
 - When this livingness is present and expressing itself, the human atom becomes a part of the spiritual Hierarchy.

3. Christ as the Nourisher of the little Ones

The Nourisher of the little Ones

With his mode of overshadowing, the Christ stimulates the consciousnesses of his disciples as they prepare to undergo initiation,

With the masses,

It's the presentation of the 1st initiation, "Birth of the Christ " in the heart.

With the aspirants,

It's the 2nd initiation of Baptism

With the disciples and advanced humanity,

He will nourish their spiritual consciousness and life enabling them to take the 3rd & 4th Initiations & become agents of the will of God.

Work of the Christ in two zodiacal cycles

The work of Christ, during the Piscean Age, was to relate humanity to the Hierarchy of the planet;

in the Aquarian Age, His work will be to relate humanity to Shamballa

*Through the coming work of Christ, the
three divine aspects,*

***Intelligence,
Love and
Will***

*will be consciously developed in mankind,
thus linking the 3 planetary centres*

***Humanity,
Hierarchy and
Shamballa***

into closer relationship

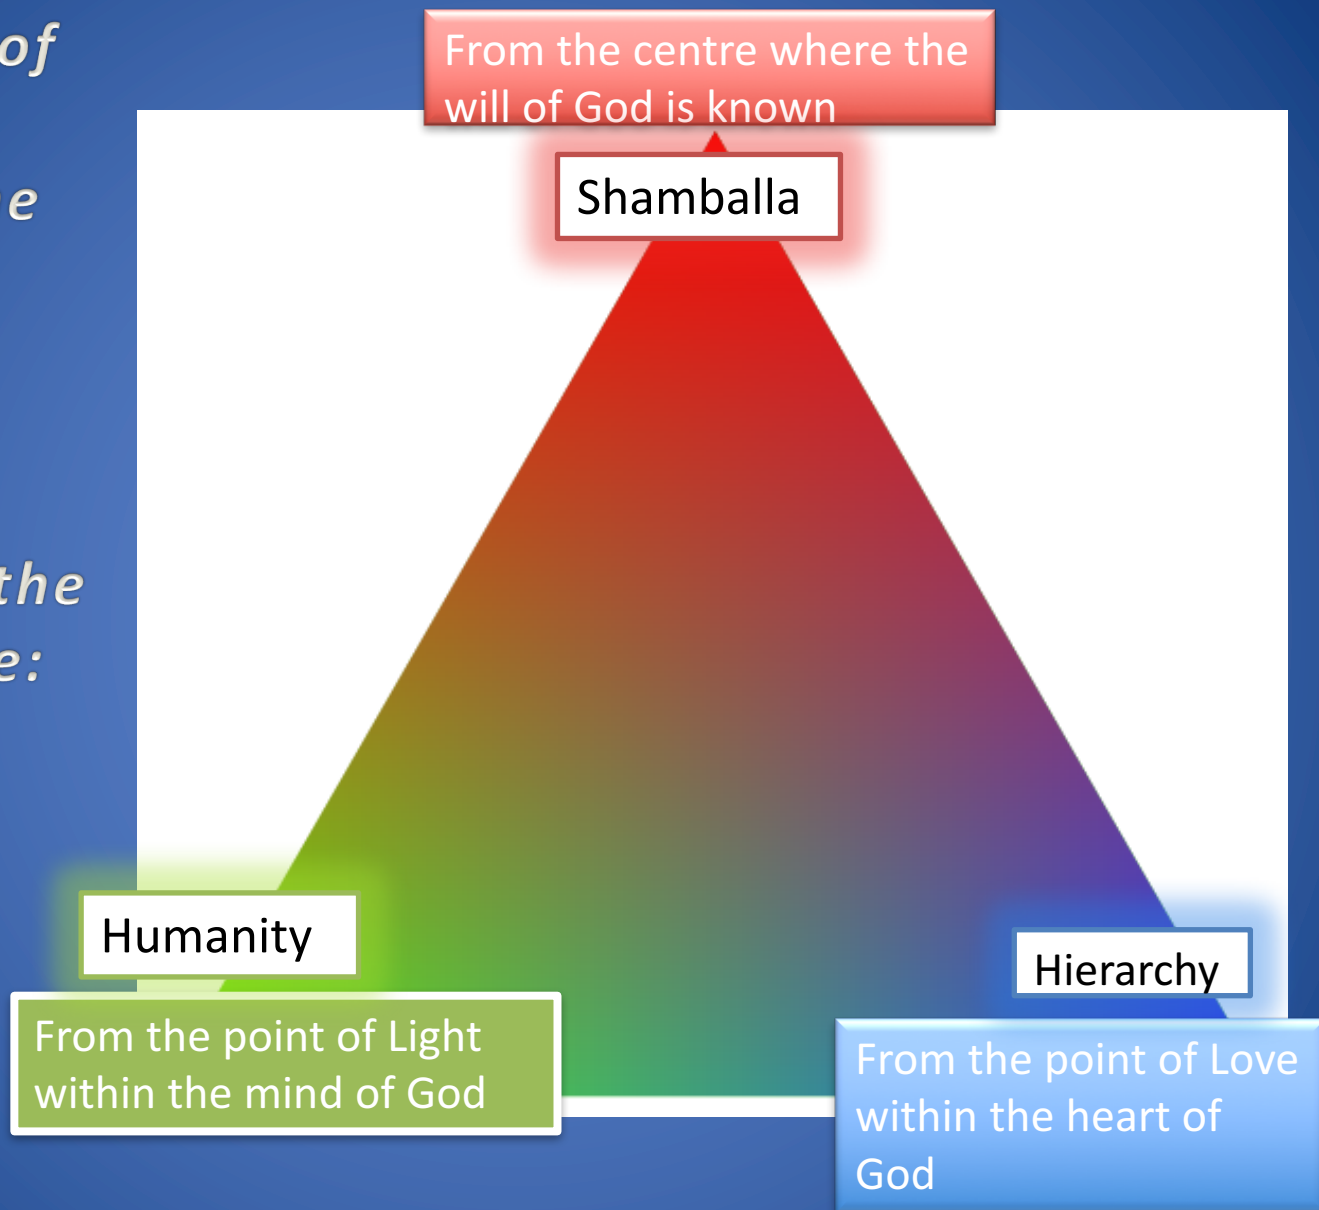

Power/Will
Shamballa

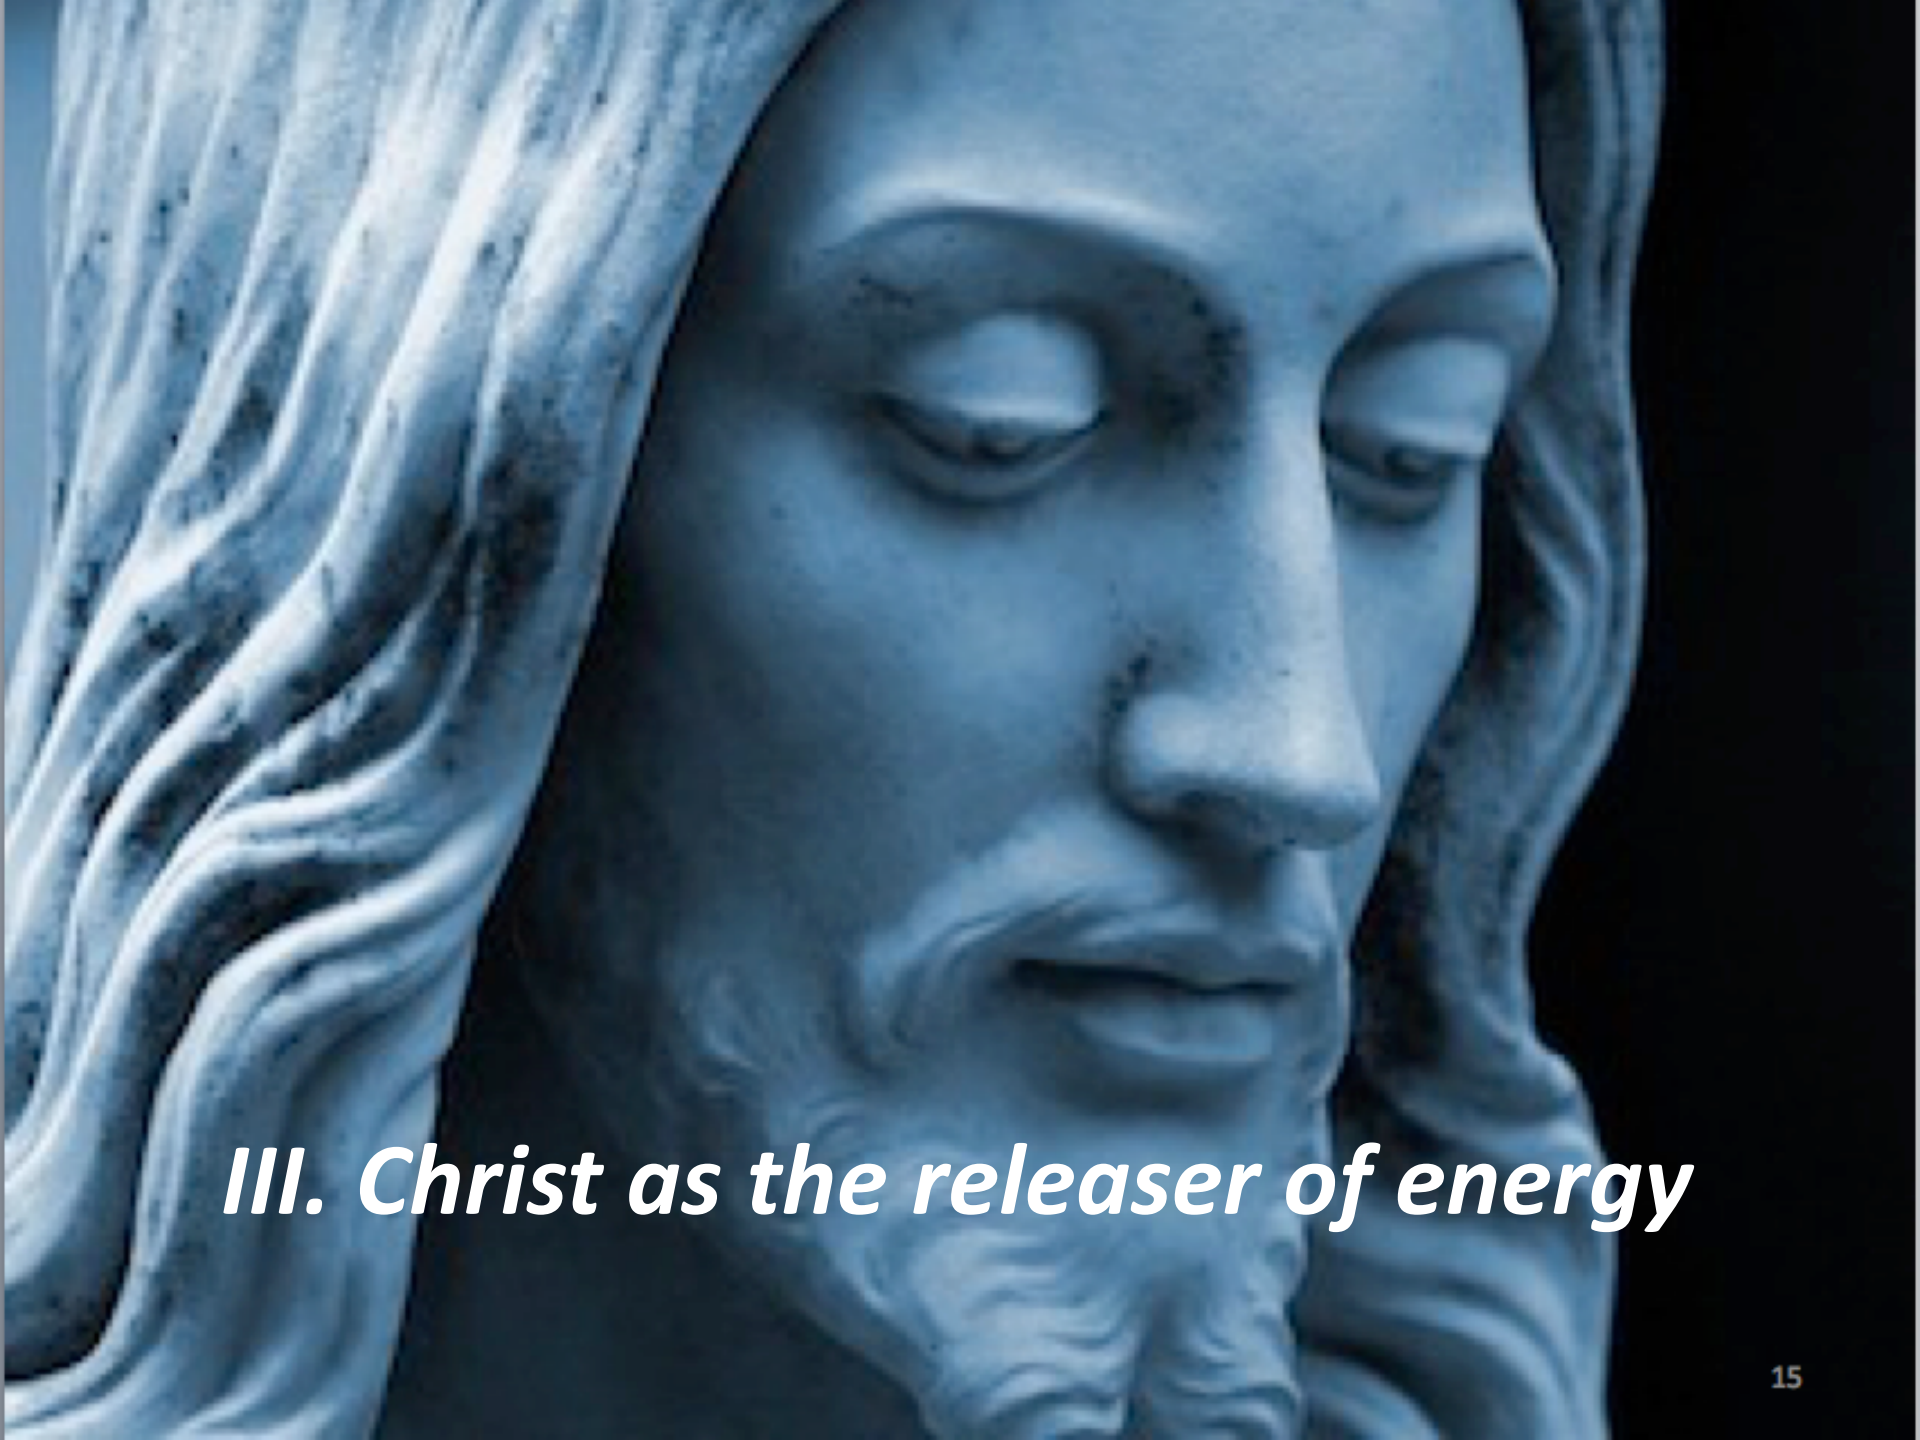

Light/Intelli
gence
Humanity

Love
Hierarchy

Hence the significance of the three stanzas of the Great Invocation, linking the three divine centres and the synthetic line: Let Light and Love and Power restore the Plan on Earth

III. Christ as the releaser of energy

The General Plan of release of forces

| Source | Forces | Divine aspect | Released |
|---|--------------------------|--|------------------------------|
| Spirit of Resurrection Extra planetary Being | Forces of Restoration | 3 rd Divine intelligent principle | At the Aries full Moon 1945 |
| Sanat Kumara, working through the Buddha, | Forces of enlightenment | 2 nd aspect of love & understanding | At the Taurus full Moon 1945 |
| The Christ | Forces of reconstruction | 1 st aspect of Will | At the Gemini full Moon 1945 |

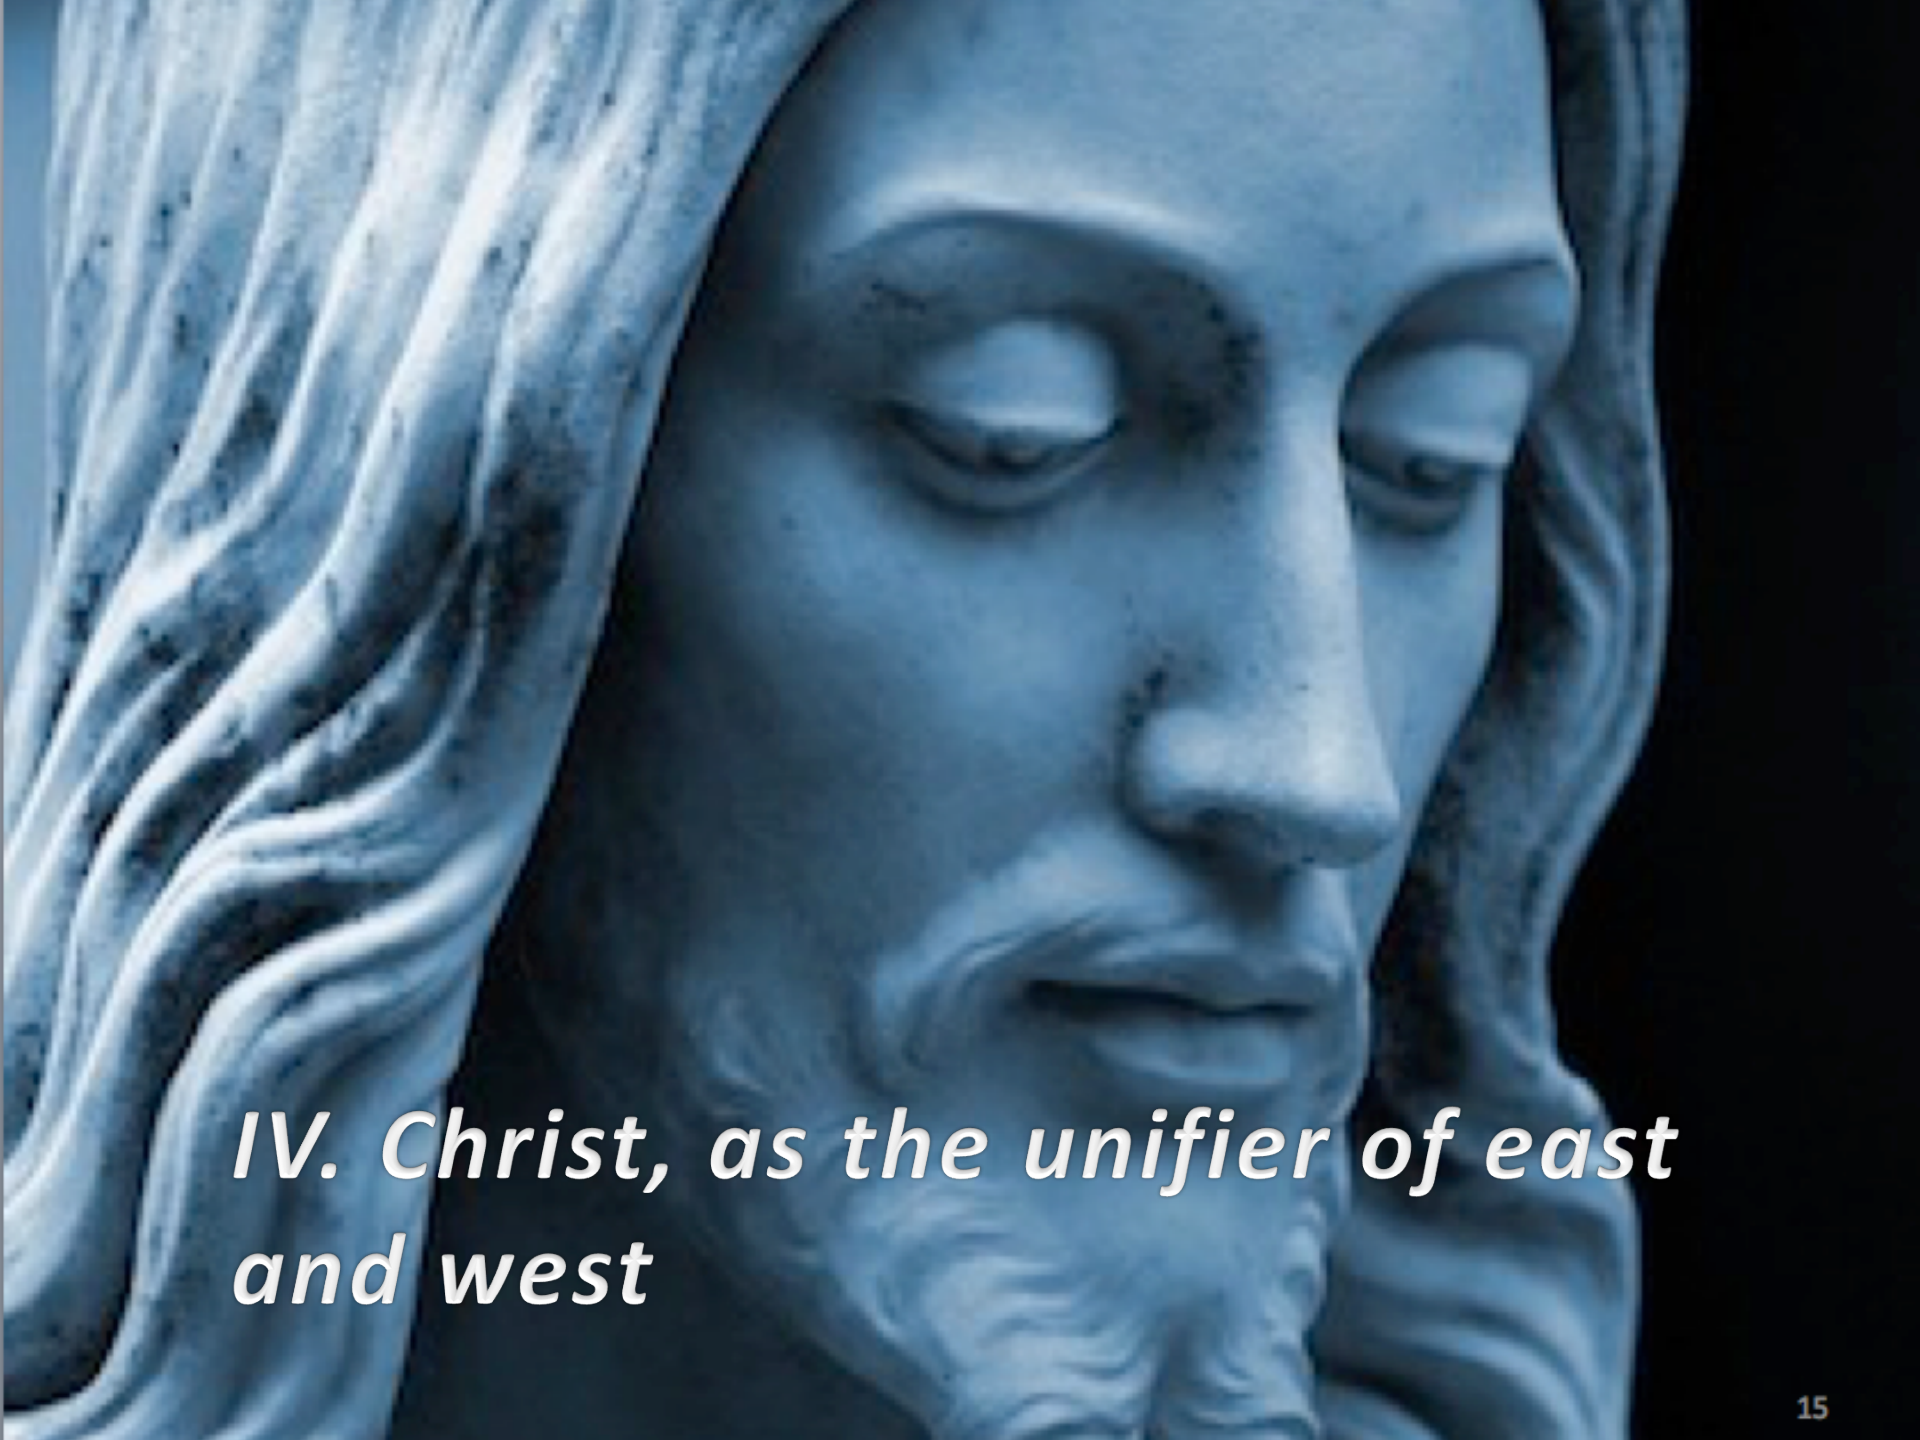

What are these forces?

In June 1945, Christ set in motion the forces of reconstruction.. effective mainly in relation to nations & related to the Will aspect of divinity

They remain as yet the least powerful of the three streams of energy, released during the three Full Moon Festivals in 1945

The forces of restoration .. emanate from the Mind of God and are connected with the intelligent principle in the divine nature;

The forces of enlightenment come from the Heart of God.. and can, therefore, reach and strengthen all those who love and serve their fellowmen

*IV. Christ, as the unifier of east
and west*

The Buddha

Christ will work in the closest cooperation with the Buddha until this fusion and reconstruction have truly taken place.

The buddha has not relinquished His contact and relationship with humanity because

he needs to accomplish certain assigned work connected with the work of the Christ, with the immediacy of His coming and with certain plans for the coming civilisation of the Aquarian Age. ROC95

Wesak

- *At Wesak He communicates with humanity, via the Christ and the assembled Hierarchy*
- *He acts as intermediary and linking both Shamballa and humanity*

Christ's training to release Buddha

Through the cooperation of the Avatar of Synthesis, Christ will be able to blend within Himself both of these major divine energies,.....

Christ is subjecting Himself at this time to an unique process of training

to release the Buddha from relating Shamballa to humanity. ROC97

Christ comes for the whole world

- *It is to the whole world that Christ comes and not just to the Christian world.*
- *He comes to the East and to the West, and has foreseen this "time of the end,"*
- *with its planetary catastrophes, phenomenal disasters, despair and invocation—arising from both the East and West. ROC100*

Thus the Christ,

- with the fused energies of love and wisdom,*
- with the aid of the Avatar of Synthesis and*
- of the Buddha and*
- under the influence of the Spirit of Peace and of*
Equilibrium,

*can implement and direct the energies which will
produce the coming new civilisation. ROC101*
