## A newer and more adequate teaching next century

“First of all, the books were published and they came out in ordered sequence and provide a body of teaching and of truth which will serve the needs of the coming generation. It is for my disciples to safeguard this presentation of truth during this century and to see to it that the books are sent forth steadily upon their mission, **until they are finally superseded next century by a newer and more adequate teaching.**” (DINA 1 31) 1955

# Plasma and the new electrical Theories of the Universe

- Plasma is often referred to as the fourth state of matter.
- What links all suns, galaxies and diverse star system together into one unified field in spite of the fact that they physically reside millions of light years apart? Plasma. Like so many magnetic bridges, these complex webs of electrical filaments bind all matter and heavenly bodies into one common matrix, proving in practical and on scientific levels the theory of Holism. What this idea of electricity and the 7 rays and 7 planes and their opposite polarities might look like can be seen in the next few images.

# Universal Magnetic Ocean

**“By the radiant light of the universal magnetic ocean, whose electric waves bind the cosmos together. And their ceaseless motion penetrate every atom and molecule of the boundless creation” (Isis Unveiled, p28)**

**“Energy is a life fluid circulating throughout the entire body of the Logos, and vivifying therefore even the tiniest atom in that whole. It is valuable to endeavour to grasp the picture and to vision the wonder of what is transpiring.” (TWM 365)**

# Millions of years of evolution seen in a 90 second time-lapse animation.

- Without the intervention of some higher and more advanced forms of spiritual life evolution can become a long and slow process when left to the unaided forces of nature. The higher forms of spiritual evolution eventually out of their compassion will overshadow and direct the lower material forms and seek to speed up their development, but only if these lesser forms seize the opportunity presented to them and cooperate. Unfortunately, because of the refusal of many in the human kingdom to respond adequately to these great gifts offered by the Christ, the Hierarchy of Masters, as well as the devic and angelic kingdoms, there can be much inertia at this time historically.
- The video we are about to see demonstrates only the evolution of the form nature, but this same dynamic is simultaneously taking place on the etheric, astral, as well as mental levels. Our physical sun impacted by new and potent cosmic forces pouring in from higher levels genetically alters human DNA and has a powerful effect on all the kingdoms of nature as well as man.

# SHAPING HUMANITY

# The Joy the Master Knows

**“Happy the disciple who can bring the vision nearer still to humanity and work it into existence on the physical plane. Remember this, that the materialization of any aspect of the vision on the physical plane is never the work of one man. Only when it has been sensed by the many, only when they have worked at its material form can their united efforts draw it into outer manifestation. Thus you see the value of educating public opinion; it brings the many helpers to the aid of the few visionaries. Always the Law holds good; —in descent, differentiation. The two or three sense the plan intuitively; then the rhythm they set up with their thought sweeps the mental plane matter into activity; thinkers seize hold of the idea. This is a hard thing to learn and difficult to do but the reward is great.**

**To those who wrestle, strive, and hold on, the joy is doubled when the materialisation comes. The joy of contrast will be yours, for knowing the past of darkness you will revel in the light of fruition; the joy of tried and tested companionship will be yours, for years will have proved to you who are your chosen associates, and in community of suffering will come the strengthened link; the joy of peace after victory will be yours, for to the tired warrior the fruits of achievement and rest are doubly sweet; the joy of participation in the Masters plan will be yours, and all is well that associates you closely with Them; the joy of having helped to solace a needy world, of having brought light to darkened souls, of having healed in some measure the open sore of the world's distress, will be yours, and in the consciousness of days well spent, and in the gratitude of salvaged souls, comes the deepest joy of all, —the joy a Master knows when He is instrumental in lifting a brother up a little higher on the ladder. This is the joy that is set before you all—and not so very far ahead it lies. So work, not for joy but towards it; not for reward, but from the inner need to help; not for gratitude, but from the urge that comes from having seen the vision and realisation of the part you have to play in bringing that vision down to earth.” (TWM 368-369)**
