UN Geocentric Chart (Oct, 24 1945 h 4.50pm Washington DC)

VULCAN in LIBRA (Will of right judgment -> Will to balance Spirit and Matter) 7th H.

This position of Vulcan is very ~Will-focused~. There is a very close affinity with the 1st and 7th Rays as they relate to the inherent relationship between Spirit/Will and Matter/manifestation.

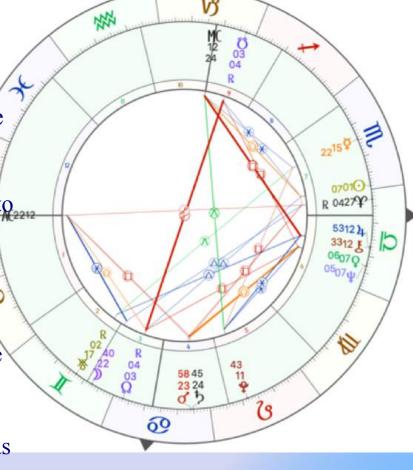

During the transition from the Mutable to the Fixed Cross, an entity with Vulcan in Libra is apt to experience a deep change in the scope of its personal relationships. Even if it is on the Path of world Service at the time, the nature of its social aspirations and its interaction within a group [international] context in order to externalise some collective purpose is bound to undergo a major shift.

Will cannot be sustained by the lesser self for the purpose of structuring collective human energies according to its personal, mental image of same, no matter how idealistic. A merger must be made with the Higher Self/Mind (third Ray) so that he is acting in concert with an unfolding group process.

The latter is firmly placed in motion once the entity has made the necessary transition to life on the Fixed Cross. Uranus then overshadows Vulcan, and the human group will and purpose emerge.

Hypothesis for a United Nations System

"...the immediate objective of the human kingdom is *consciously* to establish

systemic relations,

and be actively, and consciously,

part of group work."

(A Treatise on Cosmic Fire, p. 1216).

The *Opportunity* offered for the 3rd millenium (1st decanate of Aquarius ruled by Saturn, 3rd Ray) is to *establish conscious systemic relations*,

in imitation of the hierarchical principle and Ashrams.

Is this a *scientific* and *organizing* (5th – 7th Rays) way for the NGWS

to follow the hierarchical Plan and realize the Aquarian Group consciousness and initiation through Its harmonic and golden relationships?

Is this an Aquarian way to irradiate the evolutionary Plan?

In this respect, a first systemic formulation of the 49 Plan Goals has emerged 'at the right time' in the last quarter of the twentieth century, which imitates the hierarchical Model in order to sow causally the harmonic prototype of the future sevenfold Order of the human Center, as well as the foundations of the new world Culture.

In this first formulation, the **Star of Life** or the 7 main Goals/Directions of the Planetary Plan (inferred from the Teachings) are:

- 1st R.) Restoration of the Mysteries
- 2nd) Return of the Christ
- 3rd) Group Initiation
- 4th) Imitation of the Hierarchy
- 5th) New Culture New Civilization
- 6th) New World Religion
- 7th) Order Restoration of the Plan on Earth.

So, as if the NATIONS were 'vertexes' of a *Planetary Order Prototype*, in order to assert the Plan of Love and Light, They identify themselves with evolutionary Vortices, in the "here and now" of Life or Being, each one in their own way - and yet as One Order.

By cooperating in a coordinated way for the Common Good, They/we contribute to build in the three worlds the thought-Form of the 49 Fires' Order and Plan.

"The Purpose which the Masters know and serve"

"cannot be understood

until the Plan is followed" (DNE II, 519).

The "Group of world servers" can progressively 'understand' the Purpose by following the hierarchical Plan, that is, becoming sensitive to Its substantial energy and cycles. "... life is loving synthesis in action, and of that there is little today in demonstration. We have life in activity but love, based on realised unity and leading to expressed synthesis, is still absent. The vision of it is, however, upon the horizon of many, for in these days many are attaining sight and light is pouring in.

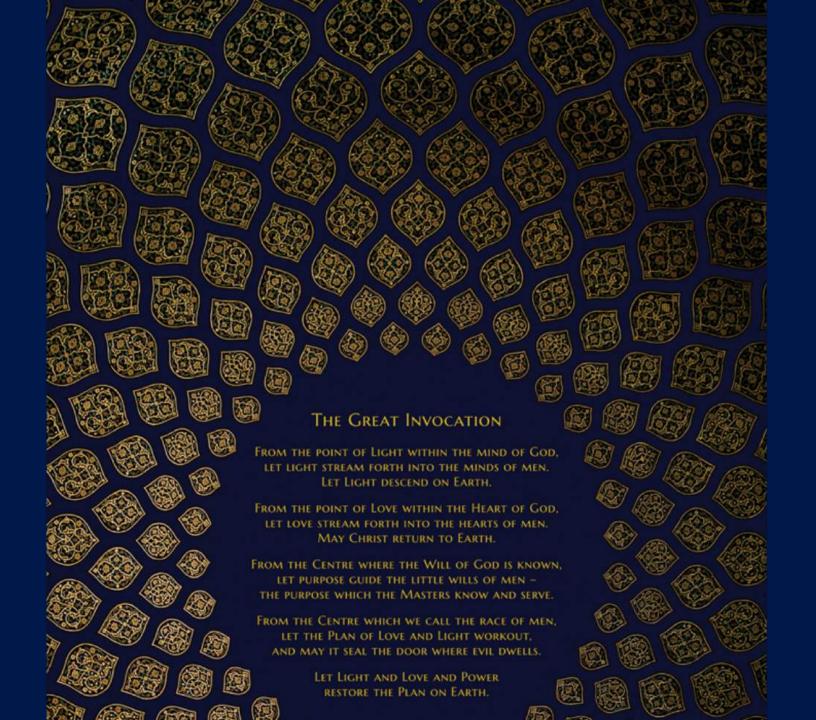

Revelation will come when the world disciples and initiates have perfected **the art of revelation**."

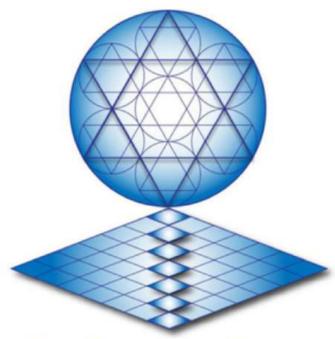

The Fourth Human Hierarchy is a "coordinated cooperation toward a common goal" and is increasingly externalizing, in order to assert and restore the Divine Plan and Order on Earth.
